Big Home-Made Bomb Severs Boy's Left Arm

Fifteen-year-old Daniel Funkenstein, Jr., his left arm severed by explosion of a homemade bomb, is recovering at Peter Bent Brigham Hospital.

'Bomb' Hurts Second Youth

An Auburndale boy, James R. Sullivan, Jr., 16, of 16 Phillips St., was painfully but not critically cut Monday when he touched a match to a glass tube containing powder.

Doctors at Newton-Wellesley Hospital removed bits of glass imbedded in his arms and abdomen. The force of the explosion ripped a hole in the top of a plywood desk in the attic of the Sullivan home.

The son of Dr. and Mrs. Daniel Funkenstein of 88 Stanley Rd., almost lost his life Saturday. But prompt action by Patrolmen Joseph Arnold, Harry C. Cooper and Aubrey F. Hill who applied a tourniquet, prevented him from bleeding to death.

Following emergency treatment at Newton-Wellesley Hospital, the boy was taken to the Boston hospital where surgeons amputated the left arm.

According to police, the powerful bomb was constructed from a 12-inch electric conduit steel tube. It was packed with chemicals bought at a drug store. It

Furcolo Own Best Lobbyist In Big Sales Tax Conflict

Governor Furcolo's chances of winning his sales tax fight, as he prepares for his showdown struggle on the matter, are not particularly bright.

The Governor, in response to questions by newsmen, estimated that he has about a 50-50 chance of achieving the passage of his sales tax bill.

Most Beacon Hill observers consider that an over-optimistic appraisal and believe the odds are decidedly against Furcolo in the sales tax battle.

Perhaps Governor Furcolo, however, is basing his opinion on what he believes will happen in the weeks immediately ahead rather than on what has happened up to now.

One thing which may help Furcolo and even save him is that unless the Legislature is prepared to slash some \$40 million from his budget the alternative taxes which would have to be enacted may be even more distasteful than a sales tax.

The Legislature cannot get away from the fact that it must either put new taxes on the books or reduce the State budget drastically. Even if the State budget is cut it would not solve the problem of cities and towns which are crying out for a new source of revenue.

A glaring weakness in Governor Furcolo's sales tax strategy is that he needs Republican votes to secure the passage of his bill, but up to the time this is written he has not made a really determined effort to get them.

Furcolo actually has not made an all-out endeavor to present the sales tax as a bipartisan issue. He scheduled a meeting with the Democratic leaders in the House and Senate, but the Republican chieftains in the two legislative branches were not invited to the strategy session.

Recount To Start Next Week Of Gibbs-Melia Senate Vote

NATION'S TOP TEN — Carlisle N. Levine, right, of Auburndale, is congratulated by Anthony N. DiNatale, State Public Works Commissioner, for finishing among nation's top ten in Industrial College of Armed Forces' course on "The Economics of National Security."

Wins Armed Forces Top Ten Plaque

Carlisle N. Levine, Auburndale, a civil engineer in the State Dept. of Public Works, was the recipient this week of an award from the Industrial College of the Armed Forces for completing its course, "The Economics of National Security," and finishing among the top ten men for the entire country.

The course consisted of an extensive study of the problems confronting economic mobilization for national security. Levine started with the Dept. of Public Works in 1931, after graduating from Harvard College. He was congratulated by Commissioner DiNatale of the DPW in his office this week.

Levine is a veteran of World War I and is a commander in the Naval Reserve. He resides at 1921 Commonwealth Avenue in Auburndale.

Newton Absentee Ballots Subject of Controversy

A recount will be conducted next week to determine the winner of last November's contested election between State Senator Donald L. Gibbs of Newton and John F. Melia of Brighton.

But the exact procedure to be followed in the re-tally has not yet been determined.

State Senator Maurice A. Donahue of Holyoke, chairman of the committee which will make the recount, told The Graphic today that his group has not decided whether it will check all the ballots or merely those which have been challenged.

When Donahue's committee has made its finding on the Gibbs-Melia conflict, it will submit its report to the full Senate, and the final decision will be made by that body.

As matters stand at the present time, Gibbs is a winner over Melia by 231 votes and is presently serving in the Senate.

One of the points at issue in the bitter controversy is whether absentee ballots which were deposited in the ballot boxes in Newton after 9 o'clock on election night should be counted as valid votes.

Under the law the absentee ballots must be delivered to the various polling places between 8 and 9 p.m. on election night.

Counsel for Melia maintained that those which were deposited in the ballot boxes after 9 p.m. cannot legally be counted.

That question probably will

Claflin School Gets Additional 4-Room \$99,450

The Newton Board of Aldermen approved an appropriation of \$99,450 for construction of a 4-room addition to the Claflin School in Newtonville. The Board also voted \$31,050 for sewer and street construction.

Chairman Warren A. Sutherland of the Public Buildings Committee reported that 12 bids were received for the school addition, of which the lowest, by Vitti Construction Co. of Nonantum, was \$89,799. The total cost of the addition will be \$111,449, compared with the architect's estimate of \$123,258, Mr. Sutherland reported.

The Board withheld approval of an additional \$8000 for equipment of the addition. Chairman Earle D. Wood of the Finance Committee reported unexpended funds remain in the new Mason-Rice School and Hamilton School addition accounts, as well as in other closed-out construction accounts.

Other appropriations approved by the Board were as follows:

Public Buildings Commissioner, \$450 additional for overtime, resulting from illness in the custodial staff.

Street Department, \$3700

Sad Tale Of Newton's Doe

Newton's deer population was back to its usual total of none after the ill-fated visit of a 100-pound doe killed Sunday by a resident using a 12-gauge shotgun.

It was the first deer seen in Newton in many years and apparently came from the woods in Weston.

First sighted near the Pine street dump, the animal was chased by police cruisers through West Newton into Waltham, and then it was reported trapped in Lill avenue, near the dump.

A shot from the revolver of Police sharpshooter J. Frank Lovely, wounded the deer. It was then killed by a deer slug fired by Raymond Scichlone, 22, of 5 Rose drive, West Newton.

"Suburbia Today" Has Facts U. S. Suburbs Are Our New Frontier

The March issue of the popular "Suburbia Today" magazine, coming to you today with your newspaper, carries another challenging feature on suburban life in the U. S. A.

"The Suburbs Are Making History," brings the fascinating results of a survey made by "Realities," the internationally famous French magazine and chronicler of world affairs.

The survey reveals that fifteen years from now, roughly one half of the population of the United States will live in the suburbs. The growth of the suburbs is classified as one of five "constructive revolutions" — so dynamic that they have shaped the course of our lives.

This "last great migration" and its influences on our American society is reaping great

PTA Council Survey May Prompt New Teen Center

The erection of a community recreation center in Newton might be an outgrowth of a thorough study of teen-age recreational activities begun by the Newton PTA.

William Carmen, president of the Bigelow PTA, is chairman of a sub-committee of the PTA Council making the study of teen-age recreational needs, and what facilities exist in Newton for them.

Among problems to be studied will be the advisability of resuming the tennis program started last year.

This study may lead to erection of a community recreation center in Newton, some members of the committee feel.

In this connection, the Newton Kiwanis Club was told last week that although the city has some of the finest recreation facilities in the country, it needs a new Boys' Club building.

The comment was made by William J. Lynch, executive director of the Waltham Boys' Club, during a talk "Juvenile Delinquency is Everybody's Business."

The PTA subcommittee may make a survey of high and junior high school student to determine what sort of facilities

City Budget Due For Trim On March 23

Newton's \$20,248,413 municipal and school budget will be acted upon by the members of the Board of Aldermen two weeks from next Monday, March 23.

It is generally expected that the Aldermen will trim down the allowances for certain of the city departments. The city fathers have no authority, however, to reduce the proposed school appropriations.

Considerable speculation has developed at City Hall as to whether the Aldermen will approve the \$200-a-year raises recommended by Mayor Whitmore for police and firemen and the increases ranging from \$100 to \$150 per year proposed for other city employees.

Brilliant Program Will Include Students and Professionals Week-Long Arts Exhibit Here Will Highlight Plans For Newton High's 100th Anniversary

A special week-long observance of the 100th anniversary of Newton High School will be launched on Monday, March 30; it will feature a program of festivities called, "A Tribute to the Arts." Harold Howe II, principal of the school, has announced an interesting and comprehensive agenda for the week.

Student musical groups will get the gala program underway with the oratorio, "Elijah," at the high school auditorium at 8 o'clock on the opening night, March 30.

This will be followed by Art in the Classroom on Tuesday, March 31; Modern and Folk Dancing including performances by both students and professionals, and modern dance will take place on Wednesday, April 1.

A discussion on "Why Art?" will be heard on Thursday and this program offers the opportunity to meet the artists, again both students and professionals. Friday will witness the production of the Winter Set by Maxwell Anderson fol-

lowed after the performance by a discussion on "The Future of Drama in the Atomic Age" by professionals of the stage.

The entire "Tribute" will be climaxed on Saturday with the opera "Dido and Aeneas" performed after the performance

Gigi Gets High Marks In Vienna

Brigitte Schaffer, the Austrian girl known affectionately as "Gigi" while at Newton

High School for two years, thus far has collected 28 A's and 4 B's, far more than necessary for her final exams at the University of Vienna. She told of her successes in a letter to Mrs. John Swanton Jr., of 27 George St., chairman of the Newton American Field Service. The letter was in thanksgiving for \$28 which the Newton AFS committee sent toward her education. "Unfortunately there are practically no scholarships available in Austria and so you can imagine what a great help your money is to me," the letter from Gigi said. Mrs. C. F. Hegelstein of 136 Randlett Pk., West Newton said Gigi's family as everyone else in Vienna, was extremely hard hit by the war.

One thing Frank Kaplan learned on a recent trip to Ossipee, N. H., is not to remove an overcoat while the car is moving. Kaplan, 46, lives at 103 Larchmont avenue, Waban. The car ran over a snow-bank, zig-zagged across the highway onto another snow-bank, and overturned. Kaplan walked away without a scratch, but the coat was still on.

Famed Musicologist Performs At Temple Shalom March 15th

The Sisterhood of Temple Shalom of Newton, in order to present entertainment of a high caliber to its children, ages six to 11, has assembled a series of four Sunday afternoon programs, both educational and amusing. Nicholas Slonimsky, distinguished music critic, composer, author, and world renowned musicologist, will perform with his symphony musicians on Sunday, March 15.

Tony Saitan is well known to children as a folk singer, and also for his appearances on Channel 2 "in-school" television programs. Miss Dorothy Rankin, who appears on the same program, will present her audible, life-size puppets.

Pave Way for \$1,450,000 Construction

Representative George E. Rawson of Newton has filed a bill with the Clerk of the House, designed to protect gas mains and other public utilities from being damaged by construction work. It also is designed to protect a contractor from damage suits because he is unaware of such installations.

The bill, known as House Bill No. 295, forbids any person other than a direct employee of a public utility, except in an emergency, to make an excavation in a public way without giving 48 hours notice in writing to natural gas pipeline companies and other utilities supplying gas, electricity, water or communications service and furnishing a reasonably accurate statement of the location where the excavation is to be made. In case of an emergency a written notice is to be filed as soon as practicable thereafter, the bill provides.

benefits both for our present economic stability and for our future growth.

The March "Suburbia Today" tells our readers how these and other factors are making their suburb the new frontier and reveals the vital role each suburbanite plays as the new pioneer of this last great migration.

A galaxy of other interesting and timely articles, in fine "Suburbia" fashion run the gamut from spring planting and landscaping, through a gay Caribbean cruise and informative hints on borrowing as a mode of life, to an enthralling feature on the weather, from an unique viewpoint.

A bevy of new Lenten recipes will be hailed by the housewife. Some of these feature exotic methods for transforming chicken and shrimp into one-dish meals to brighten menus at this time and to tempt the palate. They also make fine year-round dishes. Artist Lew Sayre Schwartz contributes a comical full-page of cartoons "Disturbia" and brings to light the hapless happenings in the life of a man dedicated to a quiet weekend in Suburbia and his "do-it-yourself" plans.

"What's new" for people who treasure their free time and who like to make leisure moments count will be found in the popular regular feature, "Books, Records and Movies." These and other readable articles again round-out a monthly visitor to homes of our readers. be resolved by Attorney James W. Kelleher, former law associate of the late Governor Paul A. Dever, who has been engaged as counsel by Donahue's committee. Kelleher's function, according to Senator Donahue, will be to advise the committee on the election laws during its deliberations.

The outcome of the Gibbs-Mella battle has been in doubt since the morning after election last November.

Gibbs emerged as the victor by a narrow margin on the original count. Mella sought a recount, but as a result of the mistakes uncovered Gibbs widened his winning margin. Mella then carried his appeal to the State Senate where it has been pending since the Legislature reconvened two months ago. Senate President John E. Powers has promised that the Democratic-controlled Senate will give a fair deal to Republican Senator Gibbs.

The case is expected to arouse widespread political interest.

200 Greet Supt., Mrs. Dennard

TELEVIEWING THE NEWS

By LEE LOUMOS

An actor has to be very good and almost indispensable to cause an entire TV production to move across a continent just so he can take part in the play. This applies to Jason Roberts, Jr. playing the leading role in the three hour, two part drama, "For Whom the Bell Tolls," to be presented on "Playhouse 90" on March 12 and 13. Frankenhelm, director of "Bell Tolls," wanted Roberts, and only Roberts, to play Robert Jordan in the Hemingway story, but couldn't get him to California because of Roberts' Broadway stage commitment in "The Disenchanted." As a result, Frankenhelm, a producer Fred Coe transferred the complete "Playhouse 90" production to New York. Said Frankenhelm, "For this show there's only one actor to play the lead. If Jason can't come out here, we'll just have to move the whole show to wherever he is."

Roberts explains how he knows now that he's famous: "I've been 'romantically linked' with Kim Novak in no less than three syndicated columns. And I've even met Miss Novak!" A tall, spare man with prematurely graying hair, Roberts looks older than his 36 years. Women consider him the successor to Humphrey Bogart; the men believe they are better looking than he is; and dramatic critics rate him one of the most overrated talents to appear in years. We believe the TV production of "For Whom the Bell Tolls" is a show you won't want to miss. We also believe you won't want to miss the extra viewing pleasure to be derived from ownership of a new Bystander TV set. Fidelity of picture and sound is outstanding. The price is within reach of even the most modest budget and can be handled through an easy payment plan, if desired. Come in for a demonstration.

Headlights And Highlights From Newton High School

By JUDY ARNOLD

HIGHLIGHTS . . . Four juniors have finally been selected as semi-finalists in the search for an American Field Service student for the Summer Exchange Program. Walter Axelrod, Doris Axelrod, Selby Hickey, and Judy Malone were the four pupils chosen from the more than thirty who were interviewed by Mr. Rogers, Miss Burdon, former head of the French department; Mrs. Bugbee; Judy Gilbern, and Jerry Rogell. The information compiled by the interviewers and some written by the applicants themselves is presently being read at the New York office of the American Field Service.

Mr. Howe and Miss Axelrod attended a meeting in Philadelphia earlier this year. It was the annual convention of the National Association of Secondary School Principals. Mr. Bissex demonstrated the Newton Plan program by presenting records of different teachers teaching Newton Plans and the visual aids used by them.

March 30-April 3 is the date for the week-long Arts Festival. Monday night, the general public is invited to see "Elijah," an oratorio by Mendelssohn as presented by the A Cappella choir. The girls in the Performers' and Workshop groups of Orchestras will participate in a dance performance on Tuesday night. A background of ballroom music will be used as the students demonstrate modern dance techniques. Wednesday evening there will be exhibits by art students and on Thursday by industrial art pupils in the Technical High School. The next evening, "Winterset," the winning Drama Festival play, will be presented. Finally, the opera, "Dido and Aeneas," will be performed by a select cast on Saturday evening. The Apprentices from Orchestras will participate in the opera. Each evening there will also be a symposium to discuss the type of art featured that day. Prominent members of that field will be present. There will be no homework for students that week and school has been called off for the final day, April 4. The program is being planned because there has been such an emphasis on science and pure education recently. NHS considers it expedient to show that high schools and teen-age students are still interested in and are pursuing the arts.

THE MARQUEE . . . On Friday evening, February 13, the 1959 Drama Festival was presented in the Newton High auditorium. The audience was sitting in the aisles and standing in any spot as all seats were taken long before the performance began. "Winterset" was chosen as the winning play by Miss Barbara Wellington from B.M.C. Duffee High School; Miss Constance Trickett from Winchester High; and Father Richard Powers of Saint Sebastian's Day School. It represented Newton High at the Preliminary State Drama Festival held at Randolph High School last Saturday. "Winterset" was selected over "Taming of the Shrew" and "The Madwoman of Chollot." The judges also selected ten actors and actresses to comprise the all-star cast. The judges' choices from "Madwoman" were Carol Op-

per who played Countess Aurelia; Dorothy Gurvitz who was Mlle. Gabrielle; and Stephen Greenblatt, the ragpicker. From "Winterset," they selected Margaret Wells who was Miriamne; Kenneth George, Garr; and David Mersky who was Mlle. Rowena Balos, Katherine; Lee Milner, Petruccio; Dick Kanter, the music master; and Joseph Schneider, Grumio, were picked from "Taming."

The members of several committees worked behind the scenes to insure the success of these plays. Stephen Richmond managed the stages crew consisting of John Arduino, Mar-

jorie Hilton, Howard Rower, Ann Baker, Joseph Angelone, Dan Cash, Walter Chase, Charlotte Hayward, Catherine McDonough, Jerry Moore, Alan Wilson, Ellen Mitchell, Robert Morse, Robert Daniels, William Geddis, Cindy Paine, Scotty Deering and William Johnson. The students on the costume committee were Joanne Fiumara, Joan Garrey, Susan Hern, Edith Prentice, Susan Quinn, Jane Renker, Arlein Schenk, Candida Smith, Kay Sternfeld, and Sandra Swanson. They were led by Carol Alban. The make-up committees were headed by Penny Axelrod, Gildo Ingall, and Maryann Schiavone. Their members were Martha Draper, Ellen Ford, Barbara Myers, Frances Hymans, Barbara Landry, Renee Penn, Patricia Slavin, Gretchen Lillis, Gladys McCullough, and Roseline Rizza. The student production ad-

visor was Nany Mahoney. Her chairmen were Nancy Dutton, Virginia Barnes, and Helen Kent. Helping these girls with the props were Martha Lee, Jean Leser, Suzanne Milne, Doris Axelrod, Edith Cohen, Judy Crews, Linda Grasfield, Selby Hickey, Patricia Reardon, Susan White, Ann Cleaves, Linda Gesmer, Ellen Mitchell, and Diane Rote. Ushering that evening were Nancy Lillis, Barbara Adolph, Connie Worthen, Mary Levins, Arleen Wildett, Leah Kahalas, Leslie Garber, Pam Goodman, Kathy Morse, Susan Callander, David Fazio, and Everett Shine. Selling tickets were Sandi Sukowitch, Marcia Silverman, Judy Bedrick, Diane Lefkowitz, Martha Tepper, Leslie Wolbarst, Janet Silbert, Bobby Shaffer, Grace Olken, Bill O'Connell, Dolores Signore, Judy Mara, Leslie Robinson, Martha Harrison, Mary Mich-

aels, Martha Meany, Linda Wolf, Marion Taber, and Arlene Postar. Handling publicity for the festival were Judi Adelman, Yvonne Baudouin, Martha Beggs, Arleen Bergart, Martha Billezikian, Roberta Beeks, Selma Cohen, Joye Donald, Pam Foley, Joan Goguen, Carole Grossman, Priscilla Hopkins, Beth Jarrell, Nancy Jordan, Diana Lees, Arleen Lipman, Carol McClelland, Gladys McCullough, Barbara Petery, Shirley Sandman, Arleen Wildett, and Pam Wilson under the leadership of Irma Barron. Elizabeth Pike was the head of the program committee and its members were Barbara Axt, David Connor, Susan Lewis, and Leslie Weinstein. The cover of the program was designed by Roberta Van De Molen. The student assistant to the front-of-house chairman was Julie Bergmark.

AFTER-CLASS . . . At the New England Debate Clinic, Newton High was represented by Robin Kaufman, Marc Slotnick, and Fred Jarrett. The event was held at Browne and Nichols School in Cambridge. About seventy-five students from all parts of New England were present at the affair. Christian Herter, Jr., and Endicott "Chubb" Peabody were the main speakers of the day. They discussed the differences between the Democratic and Republican parties. Impromptu speaking contests and dinner were followed by an inter-collegiate debate between Boston University and Boston College. The subject under discussion was the question of continued nuclear tests and B.U. was the victor. A boy from Belmont Hill School was the winner of the day's inter-high school debates.

Young Funkenstein and a companion were in the cellar of a neighbor's house on Neholden Rd. They had stuffed the pipe with chemicals. Funkenstein was sealing one end of the pipe, which was in a vise on the floor, with a hammer when the pipe exploded.

The force of the detonation severed the boy's left hand at the wrist, and blew out four windows in the cellar.

Earlier the same evening, Newton police investigated a report that someone was exploding firecrackers or homemade bombs in the area, but were unable to trace the source.

Political Highlights

(Continued from Page 1)

of the Governor's sales tax drive will hinge to a great degree on Republican reaction, it seems that it would have been a shrewd tactical move on his part to have at least one of the GOP spokesmen and consulted with them.

He is planning meetings with Democratic and Republican legislators. By then, however, the wording of the sales tax bill will have been decided upon. As far as the GOP lawmakers are concerned it will be a take-it-or-leave-it proposition. Yet, without a respectable percentage of their votes Furcolo faces certain defeat.

Governor Furcolo may succeed in rallying a majority of the House Democrats in support of the sales tax, as he did two years ago, although some Democratic legislators who voted for the sales tax in 1957 intimate that they may do an about face and oppose it this time.

If Furcolo is going to line up a majority of the Democratic law-makers — indeed, if he is going to win his sales tax struggle — he'll have to do it himself and not leave it to his agents who at times have demonstrated a singular ineptness in carrying out their assignments.

Furcolo has shown repeatedly that he is his own best lobbyist, and it will not be possible to appraise accurately his chances of accomplishing the enactment of the sales tax until after he has tested his own powers of persuasion.

If he personally conducts the fight, as he did in 1957, he might conceivably get the bill through. If he leaves it to his aides, he might as well start now preparing the requiem to be sung upon the death of the sales tax measure.

Furcolo himself is so persuasive and convincing when he sits down individually with a legislator that some of the lawmakers who are against the sales tax don't want to meet with him. They're afraid he'll talk them into voting for it.

"He could talk a dog down off a meat wagon," was the way one anti-sales tax legislator put it.

Other legislators, incidentally, declare that during the first two months of the year they haven't been able to see Furcolo personally and have been obliged to deal with his aides.

It's one thing, of course, for a legislator to give a brush-off to one of the Governor's agents and something else again to turn down a request by the Governor himself.

Whatever progress the Governor makes with Democratic legislators, however, will be of no avail unless he also can get some Republican help.

The Governor seemingly is leaving it to city and town officials to bring their influence to bear on GOP law-makers. That strategy may or may not work. It didn't in 1957.

Officials in many cities and towns are desperately in need of the revenue a sales tax would yield. Even those in the few communities with no tax rate problems would welcome additional funds.

One phase of the bill which Furcolo sponsored two years ago is causing some of them to hesitate about leaping into the fray.

That provision, in effect, placed a ceiling on city and town tax rates but did not limit the amount of money school committees could spend.

Quite a few city and town officials are waiting to see how that matter is handled in the Governor's bill before they give their endorsement to his sales tax proposal.

Meanwhile, some well-in-

formed leaders on Beacon Hill claim that future developments will show that a sales tax is not needed to balance the state budget for the next fiscal year.

That could only mean an effort will be made to trim down the Governor's budget sharply. The sales tax, however, is intended primarily to provide some relief for cities and towns and to ease the staggering tax burden now carried by real estate.

An interesting sidelight to the sales tax controversy here is that in New York City the Journal-American, a Hearst newspaper, is making a crusade against a move to increase the city's sales tax from 3 to 4 percent.

Murphy Places Himself In Role of Mind Reader

Lieutenant Governor Robert F. Murphy apparently is qualifying himself as some kind of political mind reader when he declares that the delegates to last June's Democratic State convention were overwhelmingly opposed to a sales tax.

Mr. Murphy didn't remain at the Democratic conclave long enough to ascertain what the delegates were for or against. He showed up briefly to accept the renomination for Lieutenant Governor and then made a hasty departure.

Delegates who have been queried by this writer say neither Lieutenant Governor Murphy nor anyone else ever has contacted them to learn how they felt about the sales tax or any other issue.

The fact is, of course, that the delegates were given no opportunity at last June's convention to indicate whether a sales tax was acceptable or objectionable to them.

A handful of politicians named to the resolutions committee drafted a so-called platform in which the rank and file of delegates had no voice and on which they had no opportunity whatever to vote.

One of the weaknesses of State conventions, Democratic and Republican alike, is that the persons running them are so anxious to speed them up that they steamroller through the party platforms with the crash of a gavel, ignoring anyone who wants to speak or ask a question. Most delegates never even find out what the platforms they have adopted contain unless an issue subsequently is raised such as that presently involving the sales tax.

So Lieutenant Governor Murphy is taking quite a lot for granted when he says the delegates to the Democratic convention were overwhelmingly opposed to a sales tax. That is a statement which neither he nor anyone else is in a position to prove.

As far as Mr. Murphy is concerned, it seems strange that he waited until he was getting ready to bid for the Democratic nomination for Governor to declare himself against the sales tax.

He remained silent in 1957 when Governor Furcolo first proposed the limited 3 per cent sales tax impost.

He didn't speak up in the campaign last fall when Elmer C. Nelson, the Republican candidate for Lieutenant Governor, was lambasting Furcolo almost nightly for having advocated a sales tax.

Murphy campaigned with Furcolo last autumn, and if he didn't know then that Furcolo was planning another fight for a sales tax he was the only person high in the councils of the Democratic party who was in the dark on the matter.

It seems fairly obvious that Murphy made his pitch against

"I ALREADY KNOW WHAT YOU LIKE, FREDDIE KINS."

He was the husband of the late Abigail (Ryan) Murphy.

the sales tax because he considered it politically expedient for him to do so and because he felt it would bolster his rather thin gubernatorial prospects.

Other prominent Democratic figures, who presumably also are against a sales tax, are remaining silent rather than embarrass a Democratic Governor, thus enabling Murphy to make a little political capital for himself.

Four Classes of Tax Exempt Land

(Printer below is the ninth article to be prepared by the Newton Taxpayers' Association on various aspects of Newton's economy with special reference to taxation and its relation to land and building in the city.)

In Newton land which is wholly or partially tax exempt may be divided into four classes: land for the use of the city itself; land which, though privately owned, is entirely or in part tax exempt by virtue of state law because it is used for religious, educational or charitable purposes; land owned by other governments; and certain exemptions based on personal status or need.

Land tax exempt for city purposes exclusive of streets, such as playgrounds and parks, schools, fire and police, libraries, public works, water, etc., is presently carried on the assessors' books at a value exceeding \$25 million. No great further extension of this kind of tax land is now expected except in connection with new streets in new developments on presently open land.

Privately held land which is tax exempt for benevolent purposes has increased greatly in the past 30 years. At present its value is carried at over \$30 million.

Each year at the legislature bills are introduced which in

effect say that since it is the state's policy to exempt these lands at the municipalities' expense, the state should reimburse the cities and towns for at least some portion of the actual or estimated tax loss. Year by year like clockwork these bills are rejected.

Also the Supreme Court has ruled that a municipality cannot, either by zoning or some other device, prevent the transfer of private taxable land to other private but non-taxable uses of this nature.

Land tax exempt for the purposes of other governments such as the state, the MDC, county and federal, etc., is carried at a value of about \$780,000. This does not include street surfaces taken for main highways.

Here the city is experiencing several substantial losses, the most noteworthy of which are to the MTA, the State Department of Public Works (currently at the junction of Route 128 and Washington Street), and of course the potential east-west highway. Note that these losses are all part of the changes in the field of transportation. They and others like them may be expected to continue.

Partial exemptions based on personal status or need include veterans with service-connected disabilities, Gold Star mothers, certain widows with small amounts of property, etc. The estimated value of this class of tax exemption is about \$3 million.

Adding all the classes together, Newton's tax exempt land uses run to about \$60 million, compared with a taxable land valuation of about \$255 million. Put another way, Newton comprises 300 acres under water, plus a land surface of 11,107 acres. Of the total acreage of 14,106 acres, 7,927 acres or about 56% is taxed.

Sklar's Giant Birthday Cake

As part of the activity and color during the tenth birthday celebration of Sklar's Market, a giant cake, acclaimed by master bakers as the world's largest, will be served Saturday to visitors. Enough flour, eggs, milk and sugar to make 200 ordinary cakes were used in the "super recipe."

The popular Newton Corner market is gaily decorated with pennants, special displays, and demonstrations. Several carloads of choice beef, produce and canned foods have been received for the event and special low prices will be in effect so that all customers may share in the birthday festivities.

Sklar's is the only market in the Newton-Brighton-Watertown area giving S & H Green Stamps.

Group Insurance Plan Authorized By City Fathers

A permissive law which would allow the City of Newton to purchase group insurance for approximately 2200 school and municipal employees was accepted by the members of the Board of Aldermen at their meeting Monday night.

Under the terms of the legislative act the cost of the insurance would be shared equally by the city government and the employees.

At least three-fourths of the school and city workers must express a desire to obtain the insurance before the program can become effective.

The first step will be the appointment of an employee advisory committee to supervise the program which will include life, accidental death, hospital, surgical and medical insurance.

Mayor Howard Whitmore, Jr., estimated that all details will be perfected so the program can go into effect about the middle of the year.

Representative Heaney observed that under the withholding system the income tax burden is spread over the year so that the maximum impact upon a single taxpayer would not be more than 60 cents per week.

In all the years after the first the taxpayer would recover at least 20 percent of the extra tax by having a larger deduction on his federal return, Heaney pointed out.

\$120,000 In Scholarship Loans, Awarded To Young Women Students During Past 10 Years

COMMITTEE PASSES ON LOANS—Members of the important Scholarship and Loan Committee of the Women's Scholarship Association which reviews student qualifications and passes on loans and grants. Seated, left to right, Mrs. Adrian Solo, Mrs. Walter C. Feinberg, Mrs. I. O. Gorman, Mrs. Lawrence Fine and Mrs. Aaron Gordon; standing, Mrs. Robert Filinrin, Mrs. Henry Nadell, Mrs. Theodore Feldman, Mrs. Robert Haristone and Mrs. Sidney Littar. Members not present when photo was taken include Mrs. Morton Goldberg, Mrs. Stanley Golembe and Mrs. Louis Schaffer.

More than \$120,000 in financial assistance has been awarded to worthy young women in the form of scholarships and grants to further their education, in the past ten years by the Women's Scholarship Association, according to a statement yesterday by Mrs. Gilbert I. Isgur of Newton, president of the association.

In discussing the noteworthy accomplishment of this 52-year-old organization, Mrs. Isgur pointed out that it "took the Women's Scholarship Association its initial ten years to accumulate the first \$5,000 it gave in scholarships and loans."

The scholarship and loan committee of WSA, consisting of thirty-six members, is divided into nine groups of schools of higher learning. Each of the nine groups has a chairman and three members. A student applicant is interviewed by one of these groups; and the chairman recommends the amount to be awarded to the full scholarship and loan committee which acts upon the recommendation, Mrs. Isgur said.

Each applicant is considered individually on a non-competitive basis. All information is regarded as confidential. Financial need, scholastic ability, and character are the considerations for granting scholastic aid, she added.

During the past half century of progress and growth, WSA has established endowment funds at the following six major colleges: Radcliffe, Boston University, Simmons, Hebrew Teachers College, Hebrew University in Israel, and Brandeis University.

Scholarships of varying amounts are awarded as outright grants, for tuition only, with no obligation for repayment. They are granted to students at the six major colleges mentioned above, and to students working towards a degree at any accredited college, preferably in Massachusetts.

Mrs. Isgur asserted that since many colleges make little provision for entering students, emphasis must be placed upon giving scholarships to freshmen. Scholarships are also given to upperclassmen and to students in the graduate schools, she added.

Assistance through loans is also provided. Loans are made to upperclassmen and to graduate student and are granted free of interest charges. Students are not required to begin payment on loans until twelve months after graduation, Mrs. Isgur said.

Scholarships are paid from the organizational treasury, and supplemented by accrued interest from the endowments or special funds. They are paid directly to the college bursar.

The major fund raising project of each year is the annual luncheon which will this year be held on April 15 at the Sheraton Plaza Hotel in Boston. Proceeds from this function provide the main source of revenue for scholarships, she concluded.

Newton Residents Ballot On World Affairs Issues

The still-tense situation in the Middle East is the topic under consideration this week by members of most of the 18 study groups in Newton, sponsored by the Newton World Affairs Council.

Organized under the leadership of Mrs. Anton R. Fried, Decisions Chairman, the study groups meeting weekly have expressed their opinions on critical questions of foreign policy.

Ballots have been filled out on topics discussed at the first three meetings, and the returns are being recorded and analyzed for the information of the state department and members of Congress.

Most of the Newton groups are coordinating their discussions with the series of TV programs broadcast over Channel 2 on Thursday evenings between 8 and 9 o'clock.

Panelists appearing on these programs have been organized by the World Affairs Council of Boston, and the moderator is Prof. Milton Katz.

Presently, recreation plans can not include plans dependent on a building, so the committee is studying types of programs which would be carried on without one. These include basketball, bowling, swimming and social get-togethers.

Members of the committee include representatives from virtually every PTA in Newton. The committee is contacting the Recreation Department and other agencies in the city which have programs, and also the Metropolitan District Commission.

Robert's Jenney Station Pledges Complete Service

One of the busiest automobile service stations in Newton Centre is Robert's Jenney at 1087 Beacon street, where spic and span, premises and swift, courteous service await all customers. The phone is LA 7-9575.

Tires, batteries and other accessories of top quality are sold at Robert's Jenney as well as the great Jenney gasoline and oil products, so popular the year round but especially at this season when quick starting and smooth-running cars make driving more of a pleasure and less of a chore.

Expert lubrication service is offered at Robert's, a vital item in the car owner's schedule, since after the Winter's toll all cars are in need of this essential car-saving service.

Tires and batteries are two of the items on the sales list that autoists are urged to have Robert's Jenney check up right away. Many cars have

managed to get this far through the cold season, but also in very many cases both tires and batteries have taken a bad beating and cannot reasonably be expected to give top service indefinitely.

Robert's Jenney service includes the testing of batteries scientifically and will instantly show the presence of a near-dead cell in a battery, for example, which if replaced in time may save the owner the expense and embarrassment of being stalled late at night on some out-of-the-way road.

The staff, however, makes it a point not to try to sell either batteries or tires until really needed, so the customer may with confidence rely on the answer given to any inquiry on such accessories.

If you're not already a customer of Robert's Jenney in Newton Centre at 1087 Beacon street, drop in and see for yourself what a top rank service station this is.

For Gourmet's Delight Try China City Quality Foods

One of the finest restaurants featuring Chinese food of every description is the China City Restaurant at 1075 Beacon street in Brookline, where a telephone call to LO 6-4334 will assure reservations, or arrange for orders in advance, to be taken out.

A highly skilled staff in the kitchen and quick efficient dining room service are featured at China City, and are among the reasons that this fine luncheon or dining spot has steadily built up a large and loyal clientele.

The quality of the foods served is superb, for the management buys only the very best of all ingredients, and from there on the experienced and friendly staff of workers take over to create dishes that make dining at China City memorable.

This restaurant, like other topflight places in its field, makes a point to see that every Chinese dish served is absolutely authentic in type and preparation, and the same meticulous care goes into preparation of American

type dishes which also are served.

Are you a bit weary of the grind of preparing meals at home, especially after a hard day's shopping or club or civic activities? But also too tired to dress for dining out?

Then in this very frequent case a phone call to LO 6-4334 will send the China City staff into action, and a delightful meal of simple or elaborate type will be ready to take home for relaxed dining pleasure in short order.

The same of course is true of meals prepared for those who do not wish to miss some TV feature or favorite program—a call to China City restaurant will solve the problem quickly. Make it a point to visit or call this fine restaurant soon. You will be sure of a warm welcome.

Cars Skid In Storm, Five Hurt

Four women and a little girl suffered injuries in two Newton accidents during the treacherous driving conditions which prevailed in the snowstorm Monday.

Bonnie Segal, 3½, suffered an abdominal injury, and her mother, Mrs. Minerva L. Segal of 33 Deborah Rd., Oak Hill, suffered injuries to her legs and nose. Mrs. Segal's car was in a head-on skid crash with one operated by Mrs. Jeannette Rosenberg of 60 Burdean Rd., Oak Hill.

Mrs. Rosenberg suffered injuries to her chest, head and legs, and her passenger, Rachel Howard of Roxbury, suffered injuries to her right leg, face and head. They were treated at Newton-Wellesley Hospital. The cars collided near 85 Dudley Rd., Newton Centre.

In a separate accident, Mrs. Louis A. Nazzaro of 9 Higgins St., Auburndale, suffered injuries to her left hand and her face when her car skidded into a tree near 405 Wolcott St., Auburndale. She was taken to the hospital.

MAYOR PROCLAIMS SPECIAL DAY IN NEWTON—Mayor Howard Whitmore, Jr., is shown as he signed proclamation designating yesterday, March 11, as "ORT Day" in Newton. With the mayor, left to right, are Women's American ORT members, Mrs. David Yarosh, Mrs. James Smith, Mrs. Sumner Trombley, president Hancock Chapter; Mrs. Frederick Glass, president, Newton Evening Chapter; Mrs. Chester Landy, and Mrs. Irving Groper.

Three Local Chapters Join Area Observance Of Annual ORT Day

Newton officially marked the observance yesterday of ORT DAY with a proclamation by Mayor Howard Whitmore, Jr., and the designating of "ORT Square" in the vicinity of the library in Newton Centre. Increased membership is the theme this year.

Several hundred local women, members of Newton's three ORT chapters, joined in the observance which was highlighted in this area by special ceremonies at New England Mutual Hall.

A fashion show and luncheon were included in the Boston program.

The Organization for Rehabilitation through Training, known as ORT, has three active chapters in Newton; Hancock Chapter, Mrs. Sumner Trombley, chairman; Newton Evening Chapter, Mrs. Frederick Glass, chairman; and Newbrook Chapter, Mrs. Leo Brown, chairman.

The observance this year is sparked by the campaign to increase membership in all chapters throughout the country. Those interested in joining in Newton may contact any of the three listed chairmen, or other members of the organization.

500 tuition-free schools in 20 countries are maintained by ORT without soliciting the public for funds. Money is raised through membership dues, work within the groups, and by grants received from countries having ORT activities.

Most of the great work performed by ORT is for young people, although adults also benefit, and all are provided with economic security and a purpose in life.

In the 70-year history of the organization, the need is

Safe Robber Gets \$2,000 In NC Market

A market safe robbery which netted \$2,000, and two house breaks in which \$600 worth of loot was stolen, were being investigated early this week by Newton police.

The safe robbery was in the Newton Centre Market at 1241 Center St., where entrance seemed to have been made with the use of a key. Police found all the doors of the building locked and no signs of a forced entrance.

A hand drill and crowbar were used to pry open the 100 pound safe. It had been moved from the office near the front of the store to the rear where it was placed on a pile of aprons and other cloth to muffle the noise.

The \$600 loot was taken in a weekend break at the home of Rubin Parritz at 23 Ashford Rd., Newton Centre, by a thief who broke a window. Closets and drawers were ransacked. Listed as stolen were two sets of sterling silverware, a dia-

Carry Out Wish of Late Pope

Sung Mass Next Week For Chi Rho Members

Members of the Newton deanery Chi Rho will take part in the Sung Mass at 8 o'clock next Thursday night, March 19, at Corpus Christi Church, Auburndale. Rev. Shawn Sheehan, national president of Liturgical Conference will preach the sermon.

It was announced this week that the general public is invited to attend and participate in the Mass. This follows the intention of the late Pope Plus

XII who wished the laity to actively take part in the service; the highest participation to take the form of singing with the priest.

Several rehearsals have been held by the Chi Rho clubs in the Newton deanery. Representatives of the deanery parishes will make up the singing congregation at the evening Mass on March 19.

It is intended that those people who will return to their parishes to instruct other members of the parish Chi Rho clubs. Thus those taking part next Thursday will form the nucleus for the parish Sung Mass.

The Rev. Robert W. McNeill, deanery director will be the celebrant of the Mass; Rev. Edward W. Beuler will direct the musical program.

Rawson Files 2 Elevator Bills

Rep. George F. Rawson of Newton has filed two bills regarding elevators for Public Safety Commr. Otis M. Whitney.

One requires a practical test conducted by a licensed operator in the presence of a state inspector. A second bill provides for an appeal to the Board of Elevator Regulations to take care of unusual situations.

Higher Prices; Longer Hair?

Some things been added to that bi-weekly trip to the barbershop, namely 25 cents, and now the price tag for a haircut in Newton is \$1.75.

Under the new schedule, the price of crewcuts went to \$2, shaves \$1.25 and the price of children's haircuts, \$1.50.

The schedule follows the decision taken by the Massachusetts Association of Master Barbers and Beauticians.

Eight Teachers Resign; Seven Appointments

The Newton School Committee announced eight appointments at its meeting Monday night and accepted eight resignations, among them that of Clarence E. Churchill, principal of the Hyde School. He had been associated with the Newton school system since 1931.

Other resignations accepted by the Committee were:

Mrs. Diane Arker of the Hyde School; Mrs. Elizabeth LaFlame Marciano of the Franklin School; Thomas O'Donnell of the High School; Mrs. Sandra Short of the Oak Hill School; Miss Gail Walsh, special assistant at the Peabody Home School; Richard York of the Day Junior High and Kathleen M. Hyman of the Beethoven School.

The Committee confirmed the appointment of Mrs. Helen N. Fletcher who started March 2 as a laboratory assistant at Newton High.

Other new teachers whose appointments are effective Sept. 1 are:

Miss Anne E. Clancy, who will graduate from Framingham State Teachers College in June.

Miss Diana S. Marston, a graduate of Mt. Holyoke College who is now in the Harvard Master of Arts teaching program.

Miss Barbara E. O'Hara, a Wellesley College graduate.

Mayor Hits Move To Close Newton Corner Station

Mayor Howard Whitmore, Jr., told the State Public Utilities Commission at a hearing last Friday that the proposed closing of the Newton Corner station of the Boston & Albany railroad is not economically or financially justified.

The Mayor maintained that the railroad would lose money on the move and asserted that it also would be a damaging blow to a section of Newton which is attempting to make a comeback.

He said the B&A would lose commuter patronage, if its petition is granted, and that its saving would be slight from the elimination of the brief stops at the Newton Corner station.

School Officials Ban Fund Drives In Drastic Move

Rule Adopted By 4-3 Vote

The School Committee voted 4-3 on Monday night to prohibit the solicitation of Newton's public school pupils in all future charitable drives.

That action was taken after an hour's debate and discussion.

Recorded in favor of the new policy were School Committee members Manuel Beckwith, Spencer F. Deming, John P. Cochrane and Mrs. Grace C. Whitmore.

The three opposing votes were cast by Mrs. Genevieve R. Onley, Francis P. Frazier and Edwin Harkridge.

Chairman Haskell C. Freedman, who was not recorded on the matter, indicated that if he had voted he would have joined the majority in banning fund drives within the schools.

The School Committee members explained that the new rule does not exclude one-time patriotic campaigns such as those for the Smith House or for "Old Ironsides."

Neither does the ban cover the Junior Red Cross which the School Board regards as an educational rather than a fund-raising category.

However, the members of the School Board made it clear that the rule does prevent the sponsors of the annual

Dezotell And Wife Killed When Car Rams Maple St. Dwelling

A solemn requiem Mass was celebrated for William R. Dezotell, 54, of 85 Cabot St., and his wife, Rose, 51, who were killed in an early Sunday morning crash.

The funeral for the president of the Garden City Construction Co., and his wife was held Wednesday at 9 a.m., from Our Lady Help of Christians Church in Newton.

Dezotell's car crashed through a stone wall and rammed the dwelling of Charles Heffron at 68 Maple St., Newton Corner.

Newton police expressed belief Dezotell suffered a heart attack or a violent coughing spell which left him helpless to control the auto.

Both Mr. and Mrs. Dezotell suffered fractures of the skull and died almost instantly; according to the medical examiner, Dr. Peter Angelo.

Mrs. Frances Richardson, 32, of Roxbury, who was visiting Mrs. Alice Jacobs, 30, first floor resident of the house that was rammed, had just entered the house when the car struck.

Rep. Thresher May Get Natl. Committee Post

Representative Irene K. Thresher of Newton is one of four prominent women reportedly under consideration for appointment as Republican national committee-woman from Massachusetts to fill the vacancy caused by the death of Mrs. Esther Wheeler of Malden.

Mrs. Thresher, who is now serving her fifth term in the House of Representatives, is vice chairman of the Republican State Committee and one of the leading GOP women in the Commonwealth.

PTA Warned That Cyclists Must Obey All Auto Rules

Newton Safety Officer Charles Feeley said there were 28 bicycle accidents in this city last year, and at least 60 per cent were caused by the cyclists.

He said this was largely because the children and their parents do not know the rules of the road.

Feeley was guest speaker at last week's meeting of the PTA Council Executive Committee at the old Peirce School.

He explained that as of 1941 the law reads that the rules of the road are the same for a bicycle as they are for an automobile. He also pointed out that at the same time that adults have taken to foreign cars children have taken to foreign bi-

cycles, which presents an added danger since many children have not enough grip to use the foreign hand brakes. He said that PTA's could help greatly by encouraging safety education.

Mrs. Harold Rosenberg from the Cabot School told of the well-attended bicycle safety and education day held on a Sunday at Cabot at which

By JAMES G. COLBERT Former Boston Post Political Editor Curtis or Volpe Seen GOP Choice for Governor in '60

Republican leaders, who already are thinking in terms of next year's State election, now believe their party's candidate for Governor in 1960 will be either Congressman Laurence Curtis or former State Public Works Commissioner John A. Volpe.

Sentiment for Curtis is building up within the GOP, but party chieftains express doubt that

the popular Congressman, who last autumn fought off the Democratic tide to win reelection by a decisive plurality in a marginal district, would be willing to engage in a bitter convention fight for the endorsement.

For that reason a strong movement may develop within the Republican party late in the year to give Curtis the nomination for Governor without opposition.

If that happens, Volpe probably would be asked to become his running mate as the candidate for Lieutenant Governor. Should Curtis for any reason decline to enter the gubernatorial lists, Volpe undoubtedly would become the candidate for Governor.

Curtis, who enjoys his work in Washington and commands great prestige as a member of the House Committee on Foreign Affairs, can afford to sit back and await developments, for he has shown that he is almost unbeatable in his district.

One factor which may influence Curtis to accept the gubernatorial endorsement, if it is offered to him without opposition, is that the district in which he has won four consecutive congressional elections is virtually certain to be changed after the 1960 federal census.

Revive 22 Year Old Court Case

Litigation pending for more than 22 years was reopened this week in a Rhode Island court.

Judge William R. Goldberg in Probate Court at Pawtucket heard a petition filed by Shu-

shan Garabedian of Newton, involving the estate of Kachadour Der Torosian.

The Der Torosian will was admitted in probate Nov. 25, 1936. At that time, Charles Kazarian of Pawtucket qualified as executor with bond fixed at \$2,000 and personal surety. Personal estate was

then estimated at \$1200. The petition filed this week contended: "No inventory and/or account has ever been filed in said estate although well over 30 days have passed since qualification of said executor."

The petition requested the court cite the executor to file an inventory within 10 days and an accounting in 30 days. Pawtucket probate court records showed that administration of the Der Torosian estate never was completed.

Judge Goldberg issued a court order returnable by March 25 requiring the executor to show cause why the petition should not be granted.

Under the terms of the Der Torosian will property in South Attleboro, near the former Wightman Diner, was left to Shushan Garabedian.

Recently, all juniors and seniors were invited to a voluntary assembly during X-Block. The program dealt with two and three-year programs of education beyond high school. Representatives were present from a junior college, a business school, Wentworth Technical Institute, and a school of art.

On March 16 Newton High will entertain five students from Hingham High School. The purpose of this visit is the city-town exchange. The Hingham students will have the opportunity to observe the intricacies of a city government for their problems of Democracy courses. Newton students will make the return visit on March 23. These students will view a town meeting and other town functions. Five students will be chosen from the committee which consists of Phil Barry and Lorraine Infero, co-chairmen; Raymond Bridge, Sheila Stanley, Arnie Zoff, Chuck Bronstein, Margie Casselman, Sheila Gordon, Paul Daly, Bill Southmayd, Carol Eggers, Laurie MacDougal, Judy Bered, Bonnie Bishop, Rita Cameron, Minna Horowitz, Judy Ballen, Carol Chandler and Hal Cohen.

A representative for the Jewish War Veteran Award is being chosen by a committee of nine students: Lorraine Trifero, Faith Copeland, Anne Goldstein, Janet Maloney, Joanne Budd, Dave Elits, Peggy Wells, Bob Gatti, and Dave Rand. This committee is operating under the auspices of the Legislature also. A parking committee headed by Neil Driscoll has been studying the parking problems of the high school. This dilemma appears to have

been solved. A new system of parking is planned. It will radically change the present procedure. It is hoped it will solve the 2.45 bottleneck and give teachers a parking area nearer to the school.

Bus tickets are now being sold at the entrance to the Building One tunnel. Until this month, they have always been sold in the cafeteria.

Bob Kelly, Steve Kaufman, and Steve Ryter are the Honor Study Problems committee. They were appointed by Mr. Rogers to evaluate the Honor Study Program to make definite recommendations for improvement. The program of Honor Study has been in operation on and off for two

years. Students with good records, academically and disciplinarily, are allowed to apply for Honor studies. Those chosen have the privilege of studying in unsupervised classrooms, and, of leaving school early, if it is a last period study. The program enables teachers to use their free periods to do things other than proctor study halls.

However, several problems have arisen. Those students in Honor Studies have been making a great deal of racket instead of studying, using the study halls as a cafeteria or game room, and, in some cases, skipping class altogether. Student proctors are in charge of the studies, but they have frequently been at fault also. The two main troubles are overcrowded rooms and the failure of students to accept responsibility. The committee is attempting

to reassign students to more rooms and make more study halls with less students in each. It is also compiling a list of all students in study halls. This list will be sent to all building supervisors to be checked for blue cards and general disciplinary problems and to teachers for their approval of the students. No more than fifteen students will be allowed in each new Honor Study. There will be a proctor in each room in addition to a roving proctor. The roving proctor will check all studies, collect attendance slips, and make reports to the office.

A language laboratory, similar to ones in operation in various colleges, is now being run by 150 student volunteers who are in either French 3 and 4 or Spanish 3. Mr. Ethier, head of the language department, instructed the

Political Highlights

(Continued from Page 1)

Highly placed Republicans reveal that UN Ambassador Henry Cabot Lodge, Jr., will not be available for the Republican nomination for Governor next year.

They say there is a slim possibility that Lodge might accept the endorsement for the U. S. Senate if Senator Leverett Saltonstall should change his mind and not run for reelection.

Lodge, who in his role as the nation's top spokesman at the UN has become one of the Republican party's outstanding political glamour boys, has his eye on a place on the Republican national ticket in 1960.

He looms as a possible choice for the Presidential nomination if the GOP convention should decide it doesn't want Vice President Nixon.

Two or three months ago, Governor Nelson Rockefeller was being hoisted as a possible GOP presidential hope, but his political sheen has worn thin with amazing speed as a result of the violent opposition in New York State to his tax program.

As Rockefeller's stock has fallen, Lodge's has risen. And while Lodge at best is a long-shot possibility for the Presidential nomination, he could well wind up as the candidate for Vice President.

Former Governor's Councilor Christian A. Herter, Jr., the strong man of the Republican State ticket in last fall's campaign and a logical choice for the gubernatorial nomination next year if he wanted it, has made commitments in his law practice which would almost preclude him from running for any office in 1960.

Herter resigned from one of Boston's leading law firms last year to run for Attorney General. He has rejoined that firm, picked up the threads of his law practice and has assumed obligations which he could not keep if he were to engage in another campaign next year.

That is why he will not accept the position of U. S. Attorney, notwithstanding the great prestige which would go with that office. For the next two or three years Herter will busy himself with the practice of law even though he undoubtedly will maintain a prominent role in Republican affairs.

With Lodge and Herter in effect removing themselves from the picture, the field is left pretty much to Curtis and Volpe. Barring unexpected developments, one of the two is almost certain to emerge as the Republican gubernatorial standard-bearer.

Whether the GOP could retain the seat Curtis now holds in Congress is uncertain. The political makeup of the 10th congressional district which Curtis represents has changed in recent years, with the Democratic strength in the district growing steadily.

chieftains believe might be their party's congressional contender in the 10th district, if Curtis heads the GOP State ticket with Senator Saltonstall next year, is Selectman Matthew Brown of Brookline.

Republican leaders, incidentally, who were discouraged in the weeks immediately following last November's election, now feel the GOP stock is rising and that a resurgence for their party in 1960 is possible in Massachusetts if the Democratic tide is not flowing too strongly.

Governor's Appointment Of McCloskey Applauded

One of the most popular appointments Governor Furcolo has made was his action in naming Stephen E. McCloskey, secretary-treasurer of the Boston Central Labor Union, as a member of the State Labor Relations Board.

McCloskey, one of the most respected and best liked labor figures in Massachusetts, had strong support for appointment as State commissioner of labor and industries.

Many members of organized labor thought and still believe he should have been named to that post. Their disappointment, however, was tempered when McCloskey was made a member of the Labor Relations Board.

McCloskey is among the labor leaders who have stood up and fought publicly for a sales tax, expressing the conviction that it offers the solution for the financial predicament confronting many of the cities and towns throughout Massachusetts.

Furcolo 3rd Term Hints Strictly Psychological

Governor Furcolo is still throwing out hints that he might be a candidate for reelection to a third term in 1960. Furcolo obviously has every intention of opposing U. S. Senator Leverett Saltonstall next year, and the possibility of his running again for the Governorship is so remote as to be almost non-existent.

Governor Furcolo, however, is a very astute politician and a shrewd judge of human nature. He knows that his influence with the Legislature would be greater if some members of that body believe there is a chance of his remaining on Beacon Hill through 1962.

But the fact is that Furcolo's real political objective is a seat in the U. S. Senate. He is not likely to allow 1960 to go by without aiming for that objective. Meanwhile, he is merely employing a little psychology.

Adlai Staying Back Out of Harm's Way

Adlai Stevenson's assertion, while visiting Boston to speak at the Endicott Peabody testimonial dinner, that he is not a candidate for anything and will not be one in 1960, has about as much explosive impact as dropping an ice cream cone in a bank of soft snow.

Women Voters' League Series Ends March 19

The League of Women Voters of Newton will continue and conclude its discussion of programming for the academically talented student in the elementary and junior high schools during the series of unit discussion meetings to be held during the week of March 17.

Previously, at meetings held two weeks ago the discussion was centered around identification and criteria on which identification of the academically talented student is made. Also discussed was ways in which Newton and other communities are making provisions for developing these intellectual resources.

In preparation for these meetings, the Education Committee, under the direction of Mrs. Warren Rabb, chairman and Mrs. Maurice Crevozhay, vice-chairman, has studied the Rockefeller Report, the Conant Study, Admiral Rickover's book and has also met with many educators.

All League members and other interested Newton women are invited to attend one of the following meetings:

Tuesday, March 17, 7:45 p.m. — At the home of Mrs. Herbert Nachman, 223 Woodcliff Road, Newton Highlands;

Tuesday, March 17, 7:45 p.m. — At the home of Mrs. Daniel Bernstein, 7 Hanson Road, Oak Hill Park;

Wednesday, March 18, 9:45 a.m. — At the Newtonville Library, 345 Walnut Street, (Highland Avenue Entrance);

Wednesday, March 18, 7:45 p.m. — At the home of Mrs. Arthur Bayes, 28 Vineyard Road, Newton Centre;

Thursday, March 19, 9:45 a.m. — At the home of Mrs. Arthur Karol, 25 Old Farm Road, Newton Centre;

Thursday, March 19, 9:45 a.m. — At the home of Mrs. Charles Worthen, 121 Highland street, West Newton.

Thursday, March 19, 7:45 p.m. — At the home of Mrs. Richard Cotton, 98 Crofton Road, Waban;

Thursday, March 19, 7:45 p.m. — At the home of Mrs. James H. Lewis, 38 Brookdale Road, Newtonville.

At the conclusion of the discussion of the academically talented, consideration will be given to next year's local agenda. This will give League members an opportunity to help choose the course of study and action which the Newton League will follow during the following year. The final decision will be made by the membership at its annual meeting in May.

Newton Comm. Club Faces Busy Week's Schedule

The Newton Community Club will have charge of a table next Wednesday at a sale for the blind to be conducted by the Newton Centre Women's Club.

Next Thursday, there will be a musicale and tea presented by the Music Committee, at Elliot Church Parlor. Featured will be Thomas Greene and Robert Sullivan, advanced students at the New England Conservatory of Music, who will present a program for two guitars.

On Friday and Saturday, the Community Club will hold a rummage sale at 243 Washington St., Newton Corner from 9:30 a.m. to 4 p.m. Articles for sale will be collected by Mrs. Shaw, BI 4-5448.

The annual meeting will be at the Town Line House on April 9.

The Presidency a third time are even less convincing now than they were when he was declaring that once was enough.

While Senator John F. Kennedy's admirers understandably were pleased by the appraisal of Democratic National Committee Chairman Paul Butler, seconded by Stevenson, that Kennedy is the leading contender for the Democratic Presidential nomination, it is doubtful if the Senator himself was equally enthused.

Because Kennedy is in the position of front runner, he also is the target for an almost unceasing fire of criticism, practically all of it unwarranted. It is part of the political price Kennedy must pay for being projected into the forefront too early.

Meanwhile, Adlai Stevenson is standing back out of harm's way, assuring one and all that he is not running for anything. After the other candidates get through battling each other, he'll probably step forward as a compromise contender who is friendly to everyone. Despite his two defeats and notwithstanding his own pronouncements, he's a very live prospect for 1960.

MEMBERSHIP COMMITTEE — West Newton Hadassah is planning a Fashion Matinee for new members and their sponsors to be held next Wednesday at 1:30 p.m. at the Hotel Somerset. There will be a Boutique Show in the morning at 10:30. The membership committee includes, seated, left to right, Mrs. David Morris, Mrs. Charles Gollieb, president; Mrs. Clair J. Snelson, chairman; standing, Mrs. Abraham Goldberg, Mrs. Lewis S. Rose, Mrs. Stanley Miller, and Mrs. Alvin Zises.

Favors Heaney Plan

Editor, Newton Graphic

The Graphic of March 5th explained the bill filed by Representative Heaney of Newton, H919. This would raise added revenue by lowering the exemption on earned income to \$1000, but raise deductions for all dependents to \$600.

Higher taxes hurt. But even if we should escape them this year, we would certainly get them next year. And, for the most part, they are going to come either from making the income tax more productive, or from installing a retail sales tax, which would be tastefully gowned for its debut in exemptions, even though these are well known to disintegrate with use.

Here are a few considerations to keep in mind:

For a couple with dependents — The sales tax demands additional money for each dependent "from the cradle to the grave." For example, a tax on the baby's crib,

bedding, toys, playpen, and carriage; a tax on the older child's bicycle, skates, balls and bat, skis, room furnishings and clothes, above, perhaps, the 12-year size; a tax on the grandparent's clothes, room furnishings, perhaps glasses, hearing aid, radio or TV, and then a box for burial.

The income tax, on the other hand, is cut for each additional dependent. And, if need of more revenue forces a lowering of the taxpayer's exemption, almost every bill for this would raise the amount given for deductions, as a protection for families. Mr. Heaney's bill is an example of this.

For families with small incomes — the sales tax demands money from everyone, no matter how small his income. It pursues it to the vanishing point. That is why it turns up with overstuffed pockets.

The income tax sets a floor below which it takes nothing. If the exemption has to be reduced to \$1000 as in Mr. Heaney's bill, or \$1500 for a taxpayer over 65, still a man with a wife and two children would pay nothing until he had at least \$2800 beyond what he paid in union dues, for social security and for certain taxes, and beyond any income from money in savings banks, or, of course, in "tax exempt" securities. With three children, the floor would be \$3400, and with four, \$4000. In each case, for the man of 65, or over, the floor would be higher by \$500.

For those living entirely on annuities, interest and divi-

Rare Glass Shown At Main Library

On exhibit of Early American Glass loaned by members of the staff of the Newton Free Library is on display at the Main Library during the month of March.

It contains some of the earliest pieces made at the Sandwich Glass Factory on Cape Cod about 1840, others made in Pennsylvania and Ohio, some blown or pressed into molds at the New England Glass Factory in East Cambridge, and some examples of the art glass so popular in the late Victorian period of the last century.

Most of the pressed glass patterns are illustrated in the books written by Ruth Webb Lee. The collection of "taper" glasses is of particular interest. These are also called "spill-holders" for they were made originally to hold the wax tapers used to light the old whale oil lamps. Later they were adapted for spoon holders or for cigars.

Another interesting piece is the amberina plate blown at the New England Glass Factory. Tradition says the beautiful red shaded into yellow color was first discovered when one of the glass blowers dropped his wedding ring into the molten glass. Of course the cranberry red and cobalt blue colors have always been popular. Although the satin glass was made in the late period, it has an unusual appeal because of its soft coloring.

The large bowl with scalloped edge, made in New Bedford, shades from deep pink through white to a pale yellow and has a deep ringing tone like a Chinese gong caused by the combination of metals used in the glass compound.

The sales tax would take the same toll from all these as from any others, in as far as they had anything to spend beyond needs for food and shelter.

Where You Save DOES Make a Difference

By DON HEROLD

Savings at Watertown Federal make wishes come true

Savings are really magic. They accumulate magically — once you've got the habit — and they perform magically for you when you want to make use of them later.

The point is, you can do BIG THINGS with savings you've piled up a little at a time. (Some folks just fritter their money away forever and never achieve anything but nickel-and-dime results.)

But a pile of savings can bring you a trip to Europe, or across America, or a new home, or the start of a new business, or a college education for your child. Learn the magic of saving at Watertown Federal.

Spaceman Due At Sklar's Mkt. This Weekend

PAUL EASTABROOK

There'll be an out-of-this-world, spectacular Spaceman demonstration at Sklar's Super Market in Newton Corner today, tomorrow and Saturday.

An authentically-clad spaceman will be on hand to demonstrate the U. S. Airforce crash helmet and high-pressure altitude suit.

Phil Eastbrook, representative of Swift's Packing Co., will be at Sklar's from 3 to 4:30 p.m. today and tomorrow, and on Saturday from 9:30 to 10:30 a.m.

A special invitation is extended to science teachers and students in this area. "Space Guides" will be distributed to all who request them. There will be a question and answer period concerning problems of space travel.

Eastbrook's knowledge of survival in outer space has created a great demand for his appearance, and he has discussed the subject before science classes of junior and senior high schools of many communities in Massachusetts, Connecticut and Maine.

He fully agrees with leading scientists who predict manned satellites and projectiles within the next two years.

His Hobby Is Hard Work Day Laborer To Desk Is Story Of Plugger

Ed Boucher is a plugger. The proof is simple. His job — assistant chief engineer, in charge of Construction and Design, of the Massachusetts Department of Public Works — is his hobby as well as his full-time job.

ED BOUCHER

It all started 67 years ago. Edmund Russell Boucher was born November 3, 1891 in Newton, the son of William F. and Margaret (Monahan) Boucher. He attended Our Lady's Grammar School before going on to Boston College High School and Boston College.

Ed began a career of Public Works service shortly after graduation from B.C. And he started at the bottom.

Ed was hired as a clerk-laborer July 8, 1913. In April,

1915, he was promoted to the position of rod man under the Civil Service.

Then came World War I. Ed joined the Army, was commissioned a second lieutenant and served overseas with the 76th and 78th Divisions.

Resuming his Public Works career in 1919, he was assigned to District 4, Back Bay (Middlesex County) as a supervising engineer on "Chapter 90 Projects." Five years later, in 1925, he was promoted to the position of construction engineer at the Back Bay District.

In December, 1946, Ed was reassigned to the Department of Public Works main office at Nashua St., Boston, as assistant to the Department Construction Engineer.

His subsequent major projects were many. Among the better known were those involving Routes 128, 9 (Worcester Turnpike) and 2 (Concord Turnpike).

Then, last December, came his latest promotion. Commissioner Anthony N. DiNatale appointed Ed to assistant engineer in charge of construction and design.

It's been a successful career, from its modest start to its present responsible position.

The formula? "Just hard work," Ed says simply. "And plenty of it."

His hobbies? "Work."

Ed has three children: Patricia (now Mrs. Carl Sweeney) of Lexington, Nancy and John, who live with him at 11 Concolor Ave., Newton.

Fred Dole, associate commissioner of Public Works, sums up Ed simply:

"I've known Ed for six years. He is conscientious, hard-working, and a credit to the department." Others who know Ed echo the sentiment.

REV. W. J. CAVANAUGH

Famed Lenten Play Priest Is Newton Native

America's oldest passion play, Pilate's Daughter, is the attraction, but the famed Mission Church in Roxbury is the magnet which draws hundreds of the faithful within the portals of the Basilica.

They enter the spacious edifice a half hour before showtime to listen to an inspiring talk by Rev. Walter J. Cavanaugh, C.S.S.R.

He explains the ornate altars, huge murals and why the Mission Church — actually the Basilica of Our Lady of Perpetual Help — was favored by the Vatican with the title "Basilica."

Few, however, know that Fr. Cavanaugh was born and brought up at 20 Lewis Terrace in Newton, and is a graduate of the Newton Public School system. He graduated from Newton High, and then began the studies which led him to the priesthood in the Redemptorist Order.

His first labors took him to South America, and then after his return to the U.S., he became widely known throughout the South. In recent years he has been stationed at the Mission Church, where his sermons and talks make him known as the outstanding missionary of the Redemptorist Fathers.

The Church is situated in front of St. Alphonsus Theater where Pilate's Daughter is being presented each Thursday and Friday evening, and Saturday and Sunday afternoon.

Red Cross Needs More Gray Ladies

The Newton Chapter of the American Red Cross reports an urgent need for Gray Ladies, and announced that a training course has begun.

The Parkway Council is sponsoring training meetings held at the Wesley Chapter House on Washington street, in Wellesley Hills Square.

For an appointment and interview, interested women may call Mrs. Donald E. Mayberry or Mrs. Philip K. Brown, at LA 7-6000.

Many Newton women are already volunteering their time to making the lives of veterans confined in hospitals more interesting and meaningful. But there is an urgent need for more Gray Ladies at the Boston and West Roxbury Veterans' Hospitals and especially, at the Chelsea Naval Hospital.

Dogs Entrance Tots At Peabody House

Five members of the New England Dog Training Club of Boston recently delighted the little patients at the New England Peabody Home for Crippled Children on Brookline St., Newton.

Dr. Lucille Lord-Heinstein said the dogs demonstrated their lessons in novice, open and utility classes. The children applauded enthusiastically, and shouted "come again soon."

Compass Club Folding Chair Presentation To Local Hospital

The Compass Club, of Newton, presented a folding wheel chair to the Visiting Nurses Association at the Newton-Wellesley Hospital last Friday afternoon.

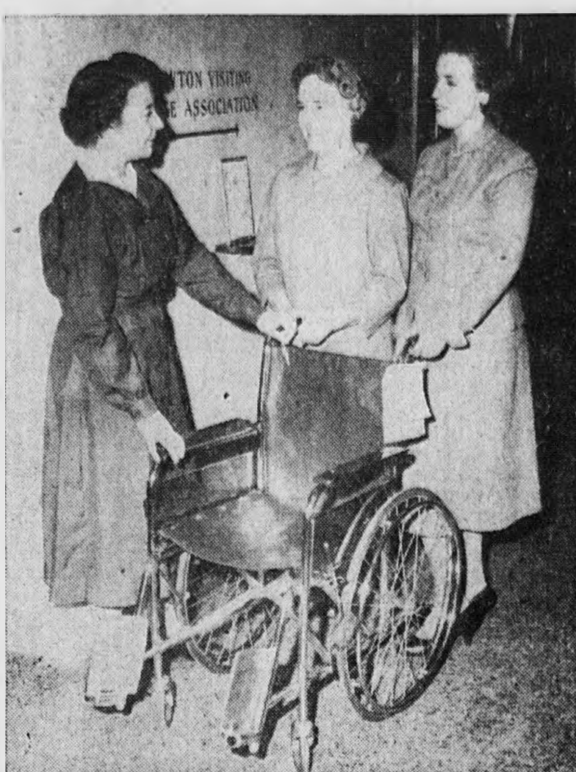

Mrs. Thomas K. Burnap, president of the club, and Mrs. Raymond Blaisdell, a director, made the presentation to Miss Bernice Joyal of the nurses association.

Continuing its March agenda, the club will sponsor a luncheon and bridge party on Friday, March 20 at the Workshop in Newton Highlands at 12:30 p.m. The charity fund of the club will benefit from the event.

Many attractive prizes have been secured for the party and a large turnout of members and friends is anticipated.

Members of the board who will be in charge of the luncheon include: Mrs. Thomas K. Burnap, president; Mrs. J. Kenneth Kirk, vice president; Mrs. Harry H. Hallas, recording secretary; Mrs. E. William Nutting, corresponding secretary; Mrs. Duncan A. Brash, treasurer.

Mrs. Edmund M. Sweeney and Mrs. Charles W. Corkum, directors; Mrs. George J. Brookhiser, membership; Mrs. Justin C. Doore and Mrs. Ernest G. Bangratz, hospitality; Mrs. Jefferson Borden, telephone; Mrs. Floyd F. Dedrick, press and historian; Mrs. John F. Wulff, bowling, and Mrs. Edward B. Leahy, nominating.

CHAIR PRESENTATION—Taking part in Compass Club gift of folding wheelchair to Visiting Nurse Association at Wellesley Hospital are, left to right, Miss Bernice Joyal, V.N. executive director, Mrs. Raymond Blaisdell, director and Mrs. Thomas K. Burnap, president, respectively, of Compass Club. (Photo by Welsh)

Jackson Plans Open Homestead

Another outstanding exhibit will mark open house at the Jackson Homestead at 527 Washington street, Newton Corner, Sunday afternoon from 3 to 5 o'clock.

Mrs. Orin E. Skinner of Newtonville has employed her skill and knowledge of handicrafts to assemble an unusual collection of early American primitives, miniatures and jewelry.

The primitives will include portraits of residents of Brookline, Wellesley and Newton; a member of the Jackson family; two paintings by John Wesley Jarvis, and others by itinerant painters. Miniatures by Pamela Hill, as well as an oil portrait of her, will be shown. Of special interest will be a display of antique jewelry of the same early period, some dating back to the late 1700's.

Guests will be welcomed by two Girl Scouts in period costume, and by the hostesses in each room. Refreshments will be served.

Hostesses on Miss Betsy A. ten's committee are Miss Amy Davol, Mrs. Herbert G. Dunphy, Mrs. Fred A. Hawkins, Mrs. Albert H. Hegnauer, Miss Jean F. Howard, Miss Constance Parer, Miss Katharine L. Tucker, and Miss Martha L. Weeden.

Artist At West Newton Community Club

The Community Club of West Newton will hear the well-known water color artist, J. W. S. Cox talk on "An Artist in Italy" at the regular monthly meeting next Wednesday at the Second Church Parish, West Newton.

Newton At The Crossroads

Zoning To World War II

(This article was written by Representative George E. Rawson who was an active proponent of zoning as a member of the City Government during much of the period he describes.)

Chapter 601 of the Acts of 1920 provided that a city or town, in order to promote the health, safety and welfare of the inhabitants, to lessen the danger of fire, to improve and beautify the city or town and to harmonize with its natural development, might enact zoning ordinances or by-laws.

Newton was the first city to take advantage of this law. The Newton Planning Board, which was then set up to prevent Newton from losing its character as a city of homes as some other suburbs had

done (due to the encroachment of business into residential districts and the building of "three-deckers" etc.), made a thorough survey of the city and petitioned the 1922 Board of Aldermen to enact a Zoning Ordinance. Their efforts met with a little opposition but the ordinance was adopted in December of that year.

Careful provision was made for private residential districts, general residence, business and manufacturing.

In 1925 the Board of Aldermen provided for single residential districts and it is probable that about 83% of the city area is now restricted to single districts — the backbone of a first class residential city.

The General Court provided in 1933 that a city or town might zone land for its uses, the second step in good zoning protection, and the 1935 Board of Aldermen rewrote the Zoning Ordinance, greatly strengthening it.

In 1938 an act of the General Court permitted cities and towns to establish minimum sizes of lots in the various zones. Joint action by the Planning Board and the Board of Aldermen of 1939 employed Professor Adams of MIT to make a survey of the city and recommend lot size regulations for the various zones.

The results of this survey, adopted by the 1940 Board of Aldermen have proved to be a very important and most beneficial step in making and keeping Newton the fine city that we have here today.

Every move made in the history of Newton zoning has encountered opposition but men of character and vision

28 Boy Scouts Meet For Leader Training Course

Twenty-eight Boy Scouts who are leaders in their troops met Thursday evening for the North District Junior Leader Training Course of Norumbega Council, Boy Scouts of America.

The training session which was held at the Norumbega Council Office in Newtonville was designed to help the boys be better leaders. Techniques of leadership were demonstrated and discussed. The film "Patrol and Troop Meetings" was shown along with the filmstrip "Meeting With Your Patrol."

The course is being conducted by adult Scouters of Norumbega Council. The following instructors were on hand: Gunnar Koskinen of Troop 31, Raymond Van Buskirk of Troop 15, Roy Whitehouse of Troop 40, George O'Neill of Troop 13, Robert Regan, Chairman of the North District Training Committee, and District Scout Executive Arthur T. Alcazar.

The following boys participated in the training: Troop 15 Phil Shea, Phil VanBuskirk and Rolland Stefford; Troop 12 Lee Dobber, Lee Cowe, Kevin Maloney, and Walter O'Neill; Troop 24 Russell Yashinsky, Jeff MacLaughlin, John Palen, Billy Atwood, John Allen, and Robert Gallant; Troop 30 Joseph Keefe and Richard Kelly; Troop 31 James McCassey, Vincent Malloy, Larry Smith, Coleman Conroy, Frank Hannon, and Jay Chevalier; Troop 33 Charlie Tower, Mike Cupoli, Tom Reardon, John Barry, Emil Nazario; Troop 55 Stephen Londo, Richard VanderDrift and William Quirk.

In our various city governments have put it through. It has justified itself by the results. Many of the critics have become staunch defenders. The Zoning Ordinance and a sound building code have made and kept a fine city for us.

TAKING ACTIVE PART FOR LUNCHEON — Three of the leading workers helping to assure the success of the annual luncheon of the Women's Scholarship Association are, left to right, Mrs. Lawrence Phillips, co-chairman of patronesses; Mrs. George Wolf, co-chairman of cake sale; and Mrs. Paul Wallins, co-chairman of reservations.

Musical Program And Cake Sale Feature Annual Fund Luncheon

A varied and interesting program is being formulated for the annual luncheon of the Women's Scholarship Association to be held at the Sheraton Plaza Hotel on April 15.

The Brandeis University Creative Arts department will present a special concert-type musical program with the university's most talented performers appearing.

In addition, a Parisian theme will highlight the luncheon day, preceded by an unusual market place. Proceeds from the affair will assist deserving young women to further their education at five major Boston colleges including Radcliffe, Simmons, Boston University, Brandeis and Hebrew Teachers College. The organization also makes financial grants to the Hebrew University in Israel.

Mrs. Lawrence Phillips, chairman of patronesses, stated this week that more patronesses are needed for the luncheon. Mrs. Gilbert I. Igar, Women's Scholarship Association president, urged anyone interested in helping the work of the organization to contact Mrs. Phillips at 32 Paul street, Brookline, at once.

"Hundreds more patronesses are needed before we can call this luncheon a success," said Mrs. Phillips in making an urgent plea for patronesses.

Mrs. George Wolf, of Waban, cake sale co-chairman, reports that a fine array of home-baked cakes will be on sale at the luncheon. They are baked and contributed by members of the scholarship association.

Mrs. Paul Wallins, of Newton, reservations co-chairman, urged those wishing to attend the luncheon on April 15 to contact her at 9 Chesterfield road, West Newton, or one of the scholarship hostesses.

TELE-VIEWING THE NEWS By LEE LOUMOS For the Methuselah of Duckdom, Donald Duck, there is nothing unluckier about Friday the 13th. He was born on one Friday, March 13, at Walt Disney Studios, and on that date in 1959, which again falls on a Friday, he'll be celebrating his 25th birthday anniversary. His long life qualifies not only as luck but as a biological marvel, too, for it makes him unquestionably the oldest duck in the world. The ordinary quacker, even if he succeeds in eluding the slawpots and the pillow factory, never by a long shot manages to hang around long enough to usher in his Silver Anniversary. On his birthday this year Donald will star on "Walt Disney Presents" in the all-cartoon show "Duck Files Coop." Donald has made dozens of appearances on TV, and, to date, he has starred in 133 movie cartoons, as well. He puts to shame even the hardest-working of Hollywood's other movie stars by making a half-dozen pictures annually, year after year. Cartoon stars are commonly born on the drawing board and then supplied with suitable voices, but Donald had to be different. Clarence Nash, Donald's mouthpiece, was brought to Walt Disney's attention first. Disney liked Nash's duck mimicry so much that he invented a character to team with it. The success of this combination is known to people all over the world. And a successful combination known to many residents of this area are the skill of our TV technicians, our promptness in answering service calls, and our reasonable service charges. Call us next time... you'll be pleased with the results.

Abner Wheeler Owners Acquire New Meadows

The owners of the famed 1775 House on the Concord Turnpike in Lexington and the Abner Wheeler House in Framingham, have purchased the New Meadows on Rte. 9.

The new owners, Mr. and Mrs. Ray Goodman have remodeled the New Meadows in a smart motif, which lends itself to a warm and congenial atmosphere. The lounge, resonant with the music of The Jay Conte Foursome, is called "The Fireside Lounge."

On Saturday nights there is dancing to the music of Don Russell and his orchestra in the spacious and attractive dining room.

But the outstanding feature of the New Meadows is the food. The Goodmans always have enjoyed a top reputation for the high quality of their service, so long evident at their 1775 House. They promise this same policy "of nothing but the best at the New Meadows."

The specialties of the house are roast prime ribs of beef, fresh lobster and high quality steak.

Luncheon is served at the New Meadows from 12 to 4 p.m. with dinner following until 10 p.m. on weekdays and until 11:30 p.m. on Friday and Saturday.

Arrangements may be made for special parties by contacting Ray Goodman, function manager.

There is a fashion show every Thursday to complement the usual elegant lunch.

The Goodmans say they feel the New Meadows is the finest

Favor Met. Area Planning Council

Mayor Howard Whitmore, Jr., and other Newton civic leaders are in full support of a legislative bill establishing a voluntary Metropolitan Area Planning Council embracing 46 communities.

The bill sets up an Area Planning Council which could make recommendations, but does not have power to order any member community to bow to its wishes.

One mandatory provision is that cities and towns and all boards, commissions and departments of state, county and municipal governments must make their records public.

A hearing on the bill was conducted last week by the Legislative committee on Metropolitan Affairs at the State House.

Mayor Whitmore, Justin T. Horan, executive secretary of the Newton Chamber of Commerce, and Dwight Colburn, of the Newton Chamber, all spoke in favor of the bill.

Passed State Exam

Edward J. Kelley of 70 Waban park, Newton, passed a civil service examination to qualify for appointment as a junior municipal examiner in the State department of taxation. It was announced this week at the State House.

Bundles of items to be washed and dried are finished flawlessly, and then are packaged neatly for the customer's convenience and pleasure.

Shag rugs, blankets, spreads, slip covers, and drapes are cleaned and finished to look like new, although in the case of drapes they are not accepted for cleaning unless it is certain

that they will stand a complete cleaning and ironing.

All kinds of flatwork are accepted, and returned to the owner perfectly finished and fresh, and all kinds of ironing service are available. Shirts are included in this category too, and are washed perfectly and refinished to a banker's taste.

Mr. Parkhurst is the sole proprietor of this firm, and he believes that his personal attention to detail is responsible for the high quality of the work that is turned out.

He has the one launderette, and he concentrates his attention and time on it, and perhaps this is the best reason why his business has grown steadily, and why his list of regular customers is long.

For the best in launderette service and results, try Big Bundle Launderette in Auburndale. It's a sure bet you'll be pleased, and will call again and again.

City Reports No Polio Cases for 2nd Year; TB Up

Belief of many people that tuberculosis has been practically eliminated as a serious threat to public health is not borne out in the annual report on communicable disease compiled by Dr. Harry T. Phillips, Newton public health director.

Dr. Phillips calls attention in the report to the fact that 18 cases of TB were reported in the city last year. That compared with 7 reported the previous year but a five-year average of 17.

Also noteworthy in the report for 1958 was the listing of 13 virus meningitis cases compared to one in 1957 and a five-year average of only 3 cases.

Measles ran well ahead of the average year during 1958 with 860 compared with a 458 average over a five-year period.

During 1958 a total of 368 dog bites were reported. That compares with the five-year average of 369.

For the second consecutive year not a single polio case was listed in Newton. Diphtheria, once a cause for much concern, also appeared under control with no cases reported. The five-year average for this disease is now less than one case per year.

Comparison tables showed the following listings for reportable communicable diseases in 1958 against the five-year average.

	1958	5-yr. ave.
Chicken Pox	192	552
Measles	860	458
German Measles	247	253
Mumps	310	443
Scarlet Fever	94	95
Polio	0	15
Tuberculosis	18	17
Whooping Cough	1	27
Salmonella	18	18
Diphtheria	0	1
Meningitis	13	3
Dogbites	368	369

MAYOR RECEIVES REPORT — Taxpayers' President Stewart G. Orr, left, is shown presenting Mayor Howard Whitmore, Jr., with the association's "Building and Rebuilding Newton" report which received a vote of commendation from the Board of Aldermen on Monday. Looking on are Willard C. Bodge, land use committee chairman, left, and Lorenz F. Muther, Jr., executive director.

One Dead, 6 Injured In Storm

Last week's late-winter sou-easter is blamed for the death of a West Newton man, and injuries suffered by six persons as the result of four skidding accidents.

The victim of the storm was Edward Burke, 49, of 48 Rear Elm St., safety director of the Bedford Air Base.

Burke collapsed in the kitchen of his home Friday after he found the heavy, wet snow had blocked the garage doors. Mrs. Burke told police her husband shoveled the driveway the night before.

Police under Sgt. Richard J. Nugent administered oxygen unsuccessfully. The medical examiner, Dr. Peter Angelo, reported death was due to a heart condition.

Three Newton women were among the six persons injured in skidding accidents. Mrs. Harriette Matheson of 21 Kimball Terrace, Newtonville, suffered a back injury when her car skidded into a traffic sign.

Rev. Burns Seeks Free Me. Convict

One of Paul N. Dwyer's staunchest defenders is a Newton Highlands minister, Rev. James H. Burns of 61 Bowdoin street, who knew the convicted slayer in South Paris, Me., 22 years ago.

Dwyer, who has served more than 20 years in Maine's State Prison, again is seeking a new trial. Dwyer claims the real slayer of Dr. James G. Littlefield was the late Deputy Sheriff Francis M. Carroll, who once served as Dwyer's jailer.

At a hearing in Superior court in Rumford, Me., this week, Rev. Burns told Judge Thomas E. Delehanty that in

Pay Hikes for City Workers To Get Aldermanic Approval

Municipal Budget To Get Trimming From Aldermen At Meeting Monday Night

Members of the Board of Aldermen will give their approval next Monday night to the pay raises Mayor Howard Whitmore, Jr., has recommended for Newton's municipal employees, The Graphic learned today.

A year ago, the city fathers, after a lively fight, pared down the wage hikes proposed by the Mayor.

This time, however, they will allow the salary increases to go through as suggested by Mayor Whitmore.

That means that police and firefighters will receive an additional \$200 per year and that other city employees will get boosts ranging from \$100 to \$150, depending on the amount of their annual increment.

A budget of \$19,374,598 submitted by the Mayor to finance the operation of the city government and the school department will be trimmed slightly by the Aldermanic Board when it holds its budget meeting next Monday evening.

The cuts will be made in the allowances for the various city departments since the Aldermen under the law have no authority to reduce the school budget.

Ironically, the biggest increase has occurred in proposed school costs which have jumped 11 percent over last year, while the municipal budget, over which the Mayor and Aldermen have control, has risen only 2.8 percent.

The Aldermen, it was learned by The Graphic, will give their okay to an expenditure of \$720 for the rental of four voting machines on a trial basis for next November's city election.

A similar attempt to introduce machine voting in Newton as an experiment has been blocked by the Aldermen twice in the past, and this is the third time Mayor Whitmore has recommended a modest

Car Kills Cooney, Golf Ace

Funeral services were held Monday for Edward A. (Ted) Cooney Jr., 26, of 1507 Centre street, Newton Highlands, who was killed in a highway accident Saturday at Plymouth, N. H.

He was one of the state's best known amateur golfers. Following a solemn requiem Mass at Sacred Heart Church, burial was in Holyhood Cemetery, Brookline.

He leaves his parents, Dr. Edward A. and Lillian C. (Dr. Cooney) Cooney. He was a graduate of Harvard, where he captained the golf team.

Cooney was struck by an automobile on a snow-covered road while walking to a gasoline station to get aid for his stalled car.

His friend, Richard Driscoll, 27, of Milton, was in the car trying to get it started. Cooney was killed.

Mayor Commends Work Of Family Service Bureau

The annual meeting of the Family Service Board recently was highlighted by the appearance of Mayor Howard Whitmore Jr.

He commended the work of the Board and stressed the city's interest in preserving human values as a desirable community.

City Planner Charles Downe discussed Newton's future in terms of land use, social and economic change. With the aid of maps, he indicated the areas to be watched most carefully in the battle against deterioration.

Downe explained how the charting of the Family Service Bureau's work, together with the operation of other social agencies, might help those chiefly concerned with maintaining the city's standards as a desirable community.

Mrs. Felix Knauth presided at the meeting during which the following officers were elected: Mrs. Felix J. Knauth, president; Mrs. Kenneth J. Waite, 1st vice president; Mrs. Murray E. Sholkin, 2nd vice president; Mrs. Richard T.

Mitchell, 3rd vice president; Mrs. Philip J. McNiff, secretary; and Robert L. Clinton, treasurer.

Patients Protest Noisy Callers

Local Hospital Starts Visitor Control Today

A new program of visitor control will be initiated at Newton-Wellesley Hospital starting today, Thursday, March 19, according to an announcement from William S. Brines, hospital director. Too many visitors in a room and too much noise brought about the new directive.

The move was prompted by the results of a questionnaire sent to patients after their discharge from the hospital through the public relations committee of the Board of Trustees.

This committee regularly samples patient opinion in this manner; while more than 80 percent are favorable, recent returns indicated that about 20 percent of the patients would like to have the hospital exercise visitor control.

Visiting hours will remain the same as before except that from 5 p.m. to 8:30 p.m., visitors will be required to obtain passes at the main reception desk.

These passes will be limited so that one patient will have but two visitors at a time. Visitors are requested at all times to use the main entrance and to stop first at the information desk and inquire as to whether or not the patient should have callers.

Visitors in excess of groups of two will be asked to wait in the lobby for fifteen minutes awaiting notification from the

Fire Loss \$15,000 In N. Centre

An electric heater which ignited a blanket has been blamed by fire officials for a fire Friday which caused an estimated \$15,000 damage to the dwelling of Dr. Bernard Rogell at 31 Devon road, Newton Centre.

The fire started in a third floor bedroom of the 12-room house occupied by Gerald Rogell, 16.

Dr. Rogell said his son extinguished the smoldering fire, but called the fire department to check. When apparatus arrived the upper floor was engulfed with smoke. The upper floor rooms were damaged by smoke and flames which ate into the rafters.

Elephants Pink On TV

It might be difficult for police to trace some of the loot taken in five breaks in Newton homes recently.

Eight bottles of liquor and a portable TV set were taken from the home of Hyman Weiner at 39 Priscilla Rd., Chestnut Hill.

Occupants of the five burglarized homes were away and police investigators could get only a partial list of the stolen property.

Washington Trip For Essay Contest Winner

A non-partisan essay contest, open to local students enrolled in Grades 9 through 12 in any Newton school, and sponsored by the Newton Democratic Club, will dangle a worthy prize, a trip to Washington, D. C., and a visit with Massachusetts legislators and to national shrines, for the lucky winner.

Simon Scheff, president of the club, announced that the title of the essay will be, "What Is the Role of the Citizen in a Democracy." Judging will be done by a panel of distinguished Newton citizens selected without regard to political affiliations.

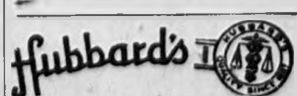

Entries are not to exceed 1000 words and should be mailed to the Newton Democratic Club Essay Committee, 11 Park Drive, Newton 61; they should not be postmarked later than midnight, Friday, April 10, the closing date of the contest.

The contests' purpose is to stimulate thought and interest by young people in

America's democratic institutions and present day problems.

"Wake Up And Read" Is Slogan Of Campaign

Window Displays And Other Events Planned For "Library Week" Observance Here In April

An active Newton committee, under the chairmanship of Mrs. George F. Brewer, is busily formulating plans for the local observance of National Library Week from April 12th through the 18th. The theme, "Wake Up and Read" will be developed in window displays throughout the city.

Featuring the program in Newton will be an open house at the main library on Sunday afternoon, April 12, at which time local residents will meet A. William Kunkel, who was appointed City Librarian last fall.

Special exhibits will be displayed and a "behind the scenes" tour of the processing

department at the library to reveal what happens to a book from the time it comes into the library until its eventual destination on the shelf.

Window displays are being planned to feature the slogan, "Wake Up and Read," and to be developed throughout the city in business places, stores and shops.

A committee on the window displays met Tuesday at the main library with Mr. Kunkel and Miss Bertha Cain, assistant librarian.

The committee includes Mrs. George F. Brewer, chairman, and Mrs. Charles Butler, Mrs. E. Graham Bate, Miss Adelaide Ball, Mrs. John Fox, Mrs. Seymour Getter, Mrs.

Robert Hoch, Mrs. Samuel Horowitz, Mrs. Albert Kreider, Mrs. Payson LeBaron, Mrs. Edgar Johnson, Mrs. Richard Morse, Mrs. Frank Maher, Mrs. Frank Maurer, Mrs. Charles Olton, Mrs. Bertram Prombein, Mrs. William Ripley, Mrs. Isaac Swope, Mrs. Benjamin Shattuck, Mrs. Gerald Swartz, Mrs. Paul Pierce and Mrs. Arthur Gregorian.

Mrs. George F. Brewer, in commenting on the observance locally and in the nation, pointed out that in marking the second year in succession of sponsorship of National Library Week, the National Book Committee and National Library Association has kept pace with the growing reali-

zation of the importance of librarians of all kinds,—home, school, and public—as a vital source of learning.

Requests Denied

Requests to convert a home into a nursery school, and to change a dwelling into a funeral home, have been denied by the Newton Board of Aldermen.

The Board voted also, without prejudice, a petition for a change of zone for a business area at Moody and Boylston streets, Chestnut Hill.

Newton's Hockey Hinges On Knitting Strong Defense

If next year's Newton High varsity hockey team is to click, Coach Jack Hall admits he must knit a strong defense.

Graduation is removing the entire first line, but the Orange will have a returning nucleus which—on paper—appears able to improve on this year's record.

It was Newton's poorest season in nine years, with a record of 4 wins, 9 losses and one tie for sixth spot in the GBI league race. Weakness at the points was Newton's biggest worry.

Next year, Coach Hall will have a line of Ken Peters, Mark Lancaster and Pete Sahlin. They scored 10 goals and tallied nine assists during the past season, which is a very creditable job.

It was one of the best records compiled by a second line in the league. In the strings will be Dave

Thompson. He was not eligible most of the season, but in the last two games of the schedule he did well in the nets.

Coach Hall feels that Thompson could be the key to his defense problem next fall. Two other goalies available will be Joe Reingold and Dick Carle. Reingold filled in this past season when Thompson became unavailable.

Of course, one regular defenseman, Terry Reilly, will be back. And Van Thompson, a promising soph., could just be the other blue line starter.

There will be some excellent prospects coming up among this year's freshmen, and the Newton Junior High team which won its divisional title will send up some good skaters to try for the varsity.

These include Bob Cornish and Ed Ryan. Bob is a brother

er of Earl Cornish who starred two years ago.

Coach Hall will have several regulars back, too, in addition to the goalies, Reilly and the

Peters-Lancaster-Sahlin line. These include Jack Boland, Harvey Gilmore and Dick Clark.

Lost by graduation will be

the co-captains, Mike Keenan, forward, and Pete Thompson, center; Bob Neilson, right wing; Ken Downing, left wing; Bill Vachon, left wing, and Mat Herman, right defense. Vachon and Herman were reserves.

Near East Tensions To Feature Programs Here

Two programs carrying the theme "Relationships of the Near East," will be presented on April 5 and 12 by the Missionary Education Committee of the First Baptist Church, Newton Centre. The programs start at 8:15 each night.

On April 5, Dr. Harrell Beck, associate professor of Old Testament at the Boston University School of Theology, will present the historical background out of which have grown the racial tensions and animosities that have erupted into violence from time to time in the lands of the Bible.

Dr. Beck—versatile in Hebrew, Arabic and Aramaic—spent eight years teaching at

the American University in Cairo, Egypt. Mrs. Beck is a native Egyptian.

On April 12, the program will consist of a panel discussion by graduate students representing three principal racial and religious attitudes indigenous to this area of concern.

The students are Miss Paroohy Getzian, an Armenian Christian who came to the United States last September and is taking a graduate course in nursing at Boston University; Mr. Saadia Weltman, from Israel, a graduate student in government who has been in this country five years and is currently at Harvard on a teaching fellowship; and Mr. Vasken Arslanian of Lebanon, a graduate of the American University at Beirut, who came to the United States last September and is now in the premedical course at Boston University. Mrs. Frank P. Manley will moderate the panel.

ney and Driscoll had gone to New Hampshire for a week-end of skiing at Franconia Notch.

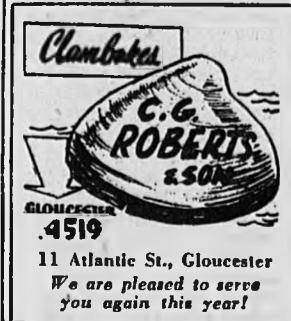

New Hampshire state troopers said Cooney was struck at the intersections of Routes 3A and 25, while a strong wind was whipping across the snow-laden highway.

Police identified the driver as Donald Cummings of Rumney, N. H.

Cooney, a stock analyst at a Boston bank, was a member of the Brae Burn Country Club. He graduated from Harvard College in 1955 and from the Business School in 1957.

Rev. Patrick J. Gilmore was celebrant of the requiem Mass, attended by some 1500 relatives and friends from the sports world.

To Dedicate Renovated Beth Chapel

Congregation Beth El-Atereth Israel, 561 Ward street, Newton Centre, will dedicate its newly-renovated chapel on Sunday March 29 at 3 p.m.

There will be a Purim Supper this Sunday evening, and the annual banquet will be May 3.

Work on the chapel was made possible through the gift of the family of the late Saul Shapiro.

At these exercises will also be a dedication of the Memorial Tablet in the main Sanctuary donated by Mr. and Mrs. Samuel Andelman in the memory of their parents. The plaques since placed on the Memorial Tablet will be unveiled with appropriate Memorial Prayers.

The services will be conducted by Rabbi Abraham Koolyk; assisting on a Committee are Samuel Andelman, Samuel Andler, President of the Congregation, Irving Goldberg, Chairman of the Board, Louis Andler, Hyman Alpert and Melvin Chetitz.

At the Dedication of the Chapel, its various furnishings and religious articles will be available for subscription.

Item in his budget to try out the voting machines in one polling place.

Exactly where the voting machines will be used has not yet been determined. However, one of the city's smaller precincts will have to be chosen since only four machines are to be rented, and the law provides that there must be one machine for each 300 enrolled voters. That means a precinct must be chosen which has fewer than 1200 registered voters.

The pay raises which the Aldermen will authorize on Mayor Whitmore's recommendation will become effective April 1.

Members of the police and fire departments at that time will get a flat \$200-a-year increase.

Other municipal employees will get a raise April 1 equal to the increment he or she is receiving or received before reaching the maximum salary standard.

For example, an employee who has been getting an annual step-rate increase or increment of \$125 a year will receive that amount April 1.

Those employees who have not yet reached their maximum pay level will also get their regular increments on the scheduled dates they fall due.

Even though the city and school budgets will be adopted next Monday, it probably will not be possible to forecast for some time what the city's tax rate will be this year since some of the factors which will figure in the rate are not yet known.

Headlights And Highlights From Newton High School

By JUDY ARNOLD

The Honor Study Committee has fulfilled its duty. At a recent meeting of all students in Honor Study, Mr. Rogers read the names of those students still eligible for the program. The number was sharply reduced. Students and teachers are hoping that with smaller study halls and more reliable proctors, there will be greater student responsibility and hence, quieter study halls.

Miss Ashley, a Latin teacher at NHS, has been awarded a John Hay Fellowship. She will spend a year at either Yale or Northwestern doing graduate work in classical and medieval Latin and archaeology.

As it comes time to fill out schedules for next year, the administration is also thinking about courses. Plans have been made to have three classes learning Russian instead of one. There will be a room of the present juniors, a new class for next year's juniors, and a class for sophomores who wish to study the language for three years. In the history field, the Social Studies Department hopes to include an advanced placement U.S. history course for qualified seniors.

Presently, juniors are the only ones who have the opportunity to take an advanced history course. Many students however do not take history until their senior year. Another advanced placement course will be opened in the history department to juniors and seniors. This will be a European History class. Thus far there has been a Curriculum I class open to all but sophomores.

Plans other than academic are being made for next year. About a dozen members of the administration compose the House Plan Council. These people visit schools all over the country that are presently under the House Plan System. Miss Creedon and Mr. Foster have been exempted from their regular duties in order to devote more time to this evaluation and organization. Miss Creedon is writing a publication called the Newton High School House Organ to keep all the staff up to date on the latest findings and plans.

The 1959 Science Fair will be held in the gym on April 8. The pre-judging will occur from 7 - 9:30 p.m. on April 7. Students participating in the fair will be the only ones admitted at this time. The afternoon and evening of April 8 will be the time for visitors. This event gives students an opportunity to develop their ability as scientists and to use their imagination as they please.

Steve Kaufman, head of The American Field Service Fund Raising Committee has stated that he is hoping for \$2500 to finance this year's exchange program. A \$750 tuition fee is necessary for each foreign student visiting the high school. Also, \$500 is given to Newton students to cover part of their traveling expenses. Through assemblies, a campaign has been launched to urge the purchase of shares in the "World Freedom Organization". One dollar is the price of the first share and each additional share costs fifty cents.

JOTS AND DASHES . . .
Something new in the New-

tonite—Senior Sparkers. Liz Lubell and Joel Feldstein were selected as the Senior Sparkers in a recent issue.

Priscilla Beckwith, Nancy Kuhns, Barbara Swanton, and Phil Vaglica were awarded free copies of the yearbook, the *Newtonian*, for superior salesmanship in their homerooms.

THE MARQUEE . . . Once again, Newton has topped top honors in the Massachusetts Regional Drama Festival. "Winterse" was selected as one of the winning plays at Randolph High School. It received all excellent ratings and went next to the State competition in John Hancock Hall.

Dave Mersky, Peggy Wells, and Kenny George received awards for their outstanding performances.

COLLEGE-WISE . . . Two weeks ago guidance counselors passed out to the seniors the results of their January 10 Scholastic Aptitude Tests. This year is the first that students have been able to find out their exact scores. This procedure is being done to give students a better idea of their position in the college situation.

Several schools which do not require their candidates to take the College Entrance Examination Board test have been sending out letters of acceptance and refusal to students. This, in addition to the fact that several schools have started a semi-early-admission plan, accounts for the nervousness of seniors as they hurriedly look through the mail

each day. As a result of some of these letters, Ivy Nesson is going to Lesley College next year; John Shields will be at Northeastern in Boston; Nancy Lillis will be traveling north to the University of New Hampshire; and Gerry Gitell and Nancy Seltzer will be staying in the city and attending Boston University.

The final phase of college tests was taken by many seniors last Saturday afternoon at Newton High School and other examination centers. This was the CEEB test which consists of one hour exams on different subjects. All records going to college admission boards have now been completed and seniors can do nothing but hope, and try to keep their marks up until the end of the year.

THE OUT-DOOR TYPE . . . During the Cavalry Club's meeting last month, Mr. Card spoke and showed slides of

pacers after a short business meeting. Refreshments were then served. The club is planning a ride for this month.

Try-outs for the baseball team have recently been held under the auspices of the boys' department. At the first meeting of the baseball candidates a film was shown on the 1958 world series.

On Thursdays, junior and senior girls have the opportunity to go to the gym to practice old stunts and to learn new ones. This is a new activity of the physical education department.

Flowering Shrubs

Mrs. Edmund Miller will be hostess at the meeting of the Newtonville Garden Club on Thursday of next week at the Newtonville Library when Matthew Prusik, Middlesex Extension Service, will speak on "Flowering Shrubs."

Purim On WBOS

The junior choir and class HEH Beth of Temple Emanuel, 385 Ward St., Newton Centre, will present jointly a Purim program on the Hebrew radio hour on station WBOS tonight (Thursday) at 9 p.m.

The HEH Beth class will dramatize the Scroll of Esther, and the junior choir will sing a series of Purim songs. The choir is under the direction of Louis Slagel and the class presentation is directed by Jacob Frankel.

uses be established there. Provisions for a new zone for office and administrative buildings, distinct from stores and other commercial buildings, is also suggested.

Part II, dealing with Building Code Revision, makes a series of technical recommendations with respect to single and multifamily construction. The idea, apart from clarifying and in some instances strengthening the codes, is to suggest ways to eliminate costly requirements which neither add proportionately to the value of the construction nor are necessary from a safety point of view.

The aim also is to allow some newer construction methods, with the general purpose of widening the cost-income margin so as to improve the financial incentive for new construction on old land. In cases of competitive sales the buyer could thereby benefit.

Part III, dealing with the occupancy uses of property, proposes a Housing Code for the city under the jurisdiction of the Health Department. It recommends area inspection and enforcement rather than continuing the present ineffective enforcement by individual complaints.

It aims to help insure the living conditions which are expressed by the city's codes and ordinances as being appropriate for the locations concerned. It also aims to determine areas where time-lapse private investment might properly substitute new taxable construction without unduly modifying the actual present uses. The hope is that reliance on government aid subsidy for renewal may be minimized.

Part IV gives some sample areas. It specifically makes no recommendations concerning them for they are merely introduced to show various kinds of situations which a new development might meet. All sample sites are familiar to real estate men in the city as having been discussed as possible multifamily locations. Ten times present real estate values is estimated as a possible yield.

Musical Revue To Depict Local Camp Fire History

A 10-act revue depicting the highlights of the last 10 years of Camp Fire in Newton will be presented at the Weeks Junior High School on Saturday, March 21, at 7:30 p. m.

The huge backdrop and some of the scenes were designed by Neal Cronin and painted by Therese Woodie, Penny Smith, Jane Badgers, Jane Renker, Lisa Loeb and Grace and Joan Olkin. It will be directed by Mrs. Benjamin Loeb.

Starting with the year 1949, the first scene will present the daughters of three of the original leaders in Newton, Jane Renker, Judy Gilburn and Grace Olkin, with Lisa Loeb the fourth in this scene. One of the familiar events will depict the Governor's Reception on February 22 with Edward F. Osborne of the Week's Junior High acting as the Governor and Mrs. Bernard Rothblatt as his lady.

Of special interest will be "Everybody's Different" taking as its theme "Let's Be Different Together" and the crowning of Miss Melting Pot, Miss Ellen Korb. In this scene eighteen nationalities are represented, with Karen Fortini of Oak Hill having in her background Norwegian, Italian, Indian and English.

One of the highlights will be the Red Feather breakfast, dedicated to the fathers, with a father-daughter chorus in a song of mutual admiration, starring Professor Milton Hindus with Myra-Dr. Bernard Rothblatt with Harriet and Nancy-Reverend David Stowe with Elizabeth—Mr. Frank Chambers with Anne-Walter Muther and Kathy. The work of the Camp Fire Girls in the restoration

of the Smith Homestead on Centre street will be shown.

This musical will be coordinated by the chorus from the Camp Fire Girls of Corpus Christi Church and narrated by Susan Flick, Ronna Flaschner—Martha Hurst of the Weeks Junior High School.

The artistic poster work was done by Mr. and Mrs. Peter Stoffit, of Auburndale, and Mrs. Frank Fortini of Oak Hill. The choreography was headed by Mrs. Robert Bonner; programs, Mrs. Harold Hurst; tickets, Mrs. David Krongard; ushers, Mrs. Milton Levy; transportation, Mrs. Arthur Kaplan.

General chairman of the show and chairman of the Camp Fire Girls in Newton is Mrs. Peter Coogan of Newton Centre.

United Church Women To Meet Friday Morning

The four delegates and the devotion chairman from each of the 24 member churches that comprise the United Church Women of Newton, will meet tomorrow, Friday, at 9:30 a. m. at St. Paul's Episcopal Church, Newton Highlands.

Rev. John Balcom will be the celebrant at the corporate communion service. The spring board of managers meeting will be held at 10 a. m. Mrs. Arthur T. Gregorian, president, will preside. This meeting was postponed last week because of the storm.

Court No. 1500 Plans Ahead

Court Our Lady No. 1500, Catholic Daughters of America, will hold its next meeting April 13 at which time final plans will be made for the card party to be held Monday, April 17, in the High School cafeteria.

A Communion Breakfast is planned for May 19 under the chairmanship of Miss Mildred Cavanaugh. The principal speaker will be Mother Anna Cletis from the Blessed Sacrament Convent in Roxbury.

Reservations are being taken for the annual retreat of the Court which will be held May 1, 2 and 3 at the Miramar Retreat House at Island Creek.

Grand Regent Miss Mary Gusmini presided at the March meeting when reports were given on the 10th anniversary banquet of the court when over 50 members and friends attended.

B.U. Women's Guild

Hostesses will be Mrs. J. Wendell Yeo, Mrs. Walter G. Mueller and Mrs. Paul M. Siskind at the meeting tomorrow of the Newton Branch of Boston University Women's Guild. The annual meeting and election of officers will be held at 1:30 p. m. at the home of Mrs. Earl R. Loew at 60 Hull St., Newtonville.

In College Chorus

Miss Jane Currier, daughter of Mr. and Mrs. Charles B. Currier of 221 Mount Vernon street, West Newton, is a member of the chorus of Sarah Lawrence College, Bronxville, N. Y., which will travel to Princeton, N. J., this week to present a joint concert with the Princeton Glee Club in the chapel on the Princeton campus.

Fine Winter For Skating

It isn't news to ice skaters in Newton, but this was a mighty fine winter for the sport. The ice was good, but there wasn't enough snow for tobogganing.

All records were broken with more than 270,000 attendance recorded by the Newton Recreation Department on its 17 skating areas.

Commissioner C. E. Van Johnson reported: "Record attendance, additional skating areas, increased facilities, a permit system and safety controls resulting in a low accident rate, highlighted the past season."

Governor Names Four Newtonites To State Boards

Three Newton men have been nominated by Governor Foster Furcolo to the Commission on Employment of Handicapped. A fourth was named to another State board. In the list of appointees submitted by the Governor to the Executive Council was the name of Harold Miller of 63 Bound Brook road, Newton, appointed to the Retirement Law Commission. He is president of the Miller Produce Co.

Nominated to the Commission on Employment of Handicapped were:

Aaron Solomon of 111 Stanley road, Newton, president of Ace Electronics Associates, Inc., a member of the President's Committee on Employment of the Physically Handicapped; Walter P. Muther of 133 Gibbs street, Newton, assistant counsel of the Associated Industries of Massachusetts, and Thomas F. Coppinger of 1880 Beacon street, Waban, assistant to the General Manager, Public Relations, New York Central Railroad.

Visitor Control-

receptionist that previous visitors have terminated their call. Hours for visiting are as follows:

Medical and Surgical — In single and two-bed rooms, visiting hours extend from 12 noon to 8:30 p. m. In four-bed accommodations, the hours are from 2:00 p. m. to 8:30 p. m.

Maternity — Visiting hours for maternity patients are from 3:00 p. m. to 4:30 p. m. and from 7:30 p. m. to 8:30 p. m. Husbands only may stop in for a 15-minute visit between 8 and 9 in the morning.

Time for visiting the newborn on the fifth floor is from 4:00 p. m. to 4:30 p. m. and from 8:00 p. m. to 8:15 p. m. Newborn visiting time on the sixth floor runs from 3:00 p. m. to 3:15 p. m. and from 8:00 p. m. to 8:15 p. m.

However, patients placed on the "Danger List" by their doctors may be visited any time by members of their immediate families.

Director Brines, in issuing the new directive, pointed out that hospital patients need rest and quiet and while the noise produced by visitors is usually unintentional, it does work against the speedy recovery of those confined to beds in the institution.

He recommended short visits at reasonable intervals and also pointed out that visits by small children are not best for hospital patients. Children under 14, and under 16 in the maternity department, may visit only on authorized approval.

"It is hoped," Mr. Brines concluded, "that this new program of visitor control will materially reduce the noise and confusion which sometimes arises on our floors. We are sure that the public, once they understand the reason for this program, will cooperate with it fully."

Political Highlights

(Continued from Page 1)

or the Senate today, it would be rejected.

Furcolo doesn't have the votes at the present time to achieve the adoption of a sales tax. Whether he'll be able to get them when he needs them is, of course, another matter.

In the final analysis the passage or defeat of the sales tax measure will hinge not only on Furcolo's ability to regain the control of the Legislature which he has lost in the past two months but also on the amount of help he receives from influential Republicans who want a sales tax.

Two years ago, Furcolo surprised almost everyone by lining up a majority of the Democratic House members in support of the sales tax proposal. He lost his fight because a large majority of the Republican legislators voted against the bill.

There have been definite indications that Furcolo will get more GOP votes this year than he did in 1957.

But it also appears that he does not have anywhere near as much Democratic backing now as he did two years ago. However, Furcolo, himself hasn't swung into operation, and his agents have proved pretty ineffective with the Legislature thus far.

Governor Furcolo is likely to have plenty of time to line up his votes because a number of top legislative leaders believe the sales tax bill should be pigeon-holed until the State budget for the next fiscal year is acted upon.

Even if the Governor succeeds in getting the measure through the House it is highly improbable that the Senate would vote on the sales tax until the budget is out of the way and it is known exactly how much money the State needs.

State Public Works Row Has A Political Tinge

One estimate at the State House this week was that it will be late June or early July before the budget finally clears the Legislature. That would mean that the sales tax showdown would not come until some time during the summer.

State Public Works Commissioner Anthony N. DiNatale apparently has been made the favorite target for those who like to rear back and fire a political broadside at the Furcolo administration.

The latest controversy has reached such proportions that some persons must be confused as to whether DiNatale's job is to run the State public works department or to see that the people who do business with his department pay their income taxes.

DiNatale, of course, has no way of knowing whether the contractors and others who do work for his department pay their taxes or not. That's not his responsibility. Neither is he likely to know whether such persons make payoffs or kickbacks to someone else.

When the lists of individuals and companies who had rented equipment to the State Public Works Department were printed in the newspapers during the campaign last fall, the internal revenue bureau began a routine check to determine if the persons and firms involved had reported and paid taxes on the income listed for them. That is a normal procedure, and it is about the extent of the so-called investigation the internal revenue service is making in the public works department.

As far as observers on Beacon Hill have been able to ascertain DiNatale has been following the same procedures and

Sherwin-Williams Painters Convene

any office. His objective is to do as good a job as possible for the remainder of his mayoralty term, retire at the end of the year with the respect of his fellow citizens and engage in some sort of activity in private industry to supplement the pension he will receive.

Hynes presently is feeling the grueling strain and punishing pressure of more than nine successive years as Mayor. After he has been out of office two or three months the prospect of running again will be much more attractive than it is now.

There is no question but that attempts will be made to persuade Hynes to stand for office in 1960. Under no circumstances would he consent to run for the Governorship. But he might be talked into running for the Senate. The fact that he has not closed the door to such a possibility makes it plain that he realizes that even now.

McCormack Wins Praise For Prison Reform Move

Attorney General Edward J. McCormack, Jr., won the praise of penal officials for the attitude he adopted in the aftermath to the recent uprising at the Walpole State Prison.

McCormack made no attempt to gain any political capital for himself from the situation. He made it plain that if there was any prosecution of the prisoners involved in the revolt it would be handled by Norfolk County District Attorney Myron Lane.

But he did move swiftly for the passage of a new law which would make it possible to transfer incorrigible prisoners, who are the cause of much of the trouble at Walpole, to a maximum security federal penitentiary such as Alcatraz.

McCormack pointed out that since State and County prisons and jails handle federal prisoners there is no reason a reciprocal arrangement could not be worked out under which the federal government would accept some prisoners from the State.

The manner in which Attorney General McCormack handled the entire situation was both intelligent and reassuring.

The 18-foot cake, which was made of 25,000 live chrysanthemums in various colors, was illuminated by 100 electric candles. Three-dimensional panels around the base of the cake depicted the history and progress of the century-old food chain, founded in lower Manhattan in 1859 by George Huntington Hartford, pioneer in low-cost mass distribution.

FOR SPECIAL SEAL SALE SERVICE—Receiving special awards for outstanding work during the 1958 annual Christmas Seal Sale fund-raising campaign are J. Ellis Bowen, making presentations to, left to right, Mrs. Maud Russell Kemp, Mrs. David Weisberger, Mrs. Norman W. Kempf and Miss Mildred Moore.

"Thank You" Tea Honors Newton Workers In 1958 Seal Campaign

More than 50 volunteer workers were present at the recent "Thank You" tea held in their honor by the Newton Tuberculosis and Health Association for their outstanding work during the recent annual Christmas Seal Sale campaign. Special awards were given to several of the workers.

The women of Newton contributed 1,800 hours to the varied duties of the successful campaign to help wipe out the problem of tuberculosis in this city.

Mrs. David Weisberger, of 189 Mount Vernon street, was especially honored as the volunteer who had donated the greatest number of hours to the work of the association.

In second and third place were Mrs. Maud Russell Kemp, 21 Oakland St., and Miss Mildred Moore, 863 Watertown street. These three women alone had given nearly 400 hours of work. J. Ellis Bowen, a vice president of the association, presented the three top volunteers with certificates of merit and gold compact bearing the double barred cross emblem of the National Tuberculosis Association and its affiliates.

Mr. Bowen also presented certificates of merit to the women's clubs which had accumulated the most hours; Mrs. Weisberger accepted the certificate as seal sale chairman for the Newton Community Club, Miss Moore as leader for the West Newton Women's Educational Club, and Mrs. James K. Simms, 54 Araphoe road, for the Auburndale Woman's Club in third place.

Mr. Bowen also presented special certificates to Mrs. Daphne Palmer, Miss Carole Mullen, and the other employees of the Moye Chevrolet

Co., in absentia, for their outstanding window display which won first prize in the window display contest held in November and December.

Miss Hilda G. Hope, executive director of the local tuberculosis association, introduced the 1958-1959 Christmas Seal Sale chairman, Mrs. Norman W. Kempf, 52 Kingswood road, to the gathering at the Grace Episcopal Church and thanked her for her leadership for the past two years.

Louis Carverell and Gerald Rogovin, field consultant and public relations director, respectively from the Mass. Tuberculosis and Health League, were introduced and given the thanks of the local association for their great help in making the recent Seal Sale a success in Newton. Miss Hope closed her remarks by saying that it was only with the help of the volunteers that such great strides as have been seen in the last 10 years in tuberculosis work could have been carried on. A letter of appreciation from the president, Dr. R. Emerson Sylvester, was read.

Dr. Leslie Macmillan, an executive director of the Newton Tuberculosis and Health Association, and Mrs. Norman Kempf poured.

Postwar Zoning In City

For several years after World War II the zoning law requirements and the districts to which they applied remain-

ed relatively unchanged until 1951, with two rather indicative exceptions, plus of course the Veterans' Housing project. The first exception was a major extension of residential zoning involving Norumbega Park and the bus terminal after a city athletic and auditorium center proposed for that area failed to materialize. The second was the gradual extension of a little business zone on the south side of the Worcester Turnpike near the Hammond Pond Parkway which, together with the Chestnut Hill shopping center, ultimately grew to major proportions.

In 1951, at the city's request, the firm of Adams Howard & Greeley submitted proposals for a major change. As adopted by the city in that year, unrestricted zones disappeared, much of the old apartment and some two-family areas were put into a new "garden apartment zone", commercial zones were divided into two categories — retail business and wholesale plus automotive uses — and private parking lots ancillary to a business but not as a business in themselves were authorized as a permissive use in adjacent residential zones.

Two years later the city, on impetus from the then Board of Aldermen, made substantial changes in lot sizes in the various zones, increasing them to the present requirements. One feature of the change was to prevent two adjacent lots with common ownership from being developed except as to conform to the new lot size requirements, or on approval, to

as near the new sizes as possible. The net effects of the changes have been beneficial to the city though an increased number of "common ownership" appeals naturally has arisen.

1956 marked the last important change when the Board of Appeal, which previously had handled appeals both from rulings on the zoning ordinance and the building code, was divided, with one board taking building code appeals and the other taking appeals related to the zoning ordinance.

Zoning has been a constructive and helpful device, promoting the economic and social health of Newton. Zoning provides a city with one of the best means both to protect property investors and to channel the various requests for all kinds of land uses toward those purposes most beneficial to the city's present and future well being.

DEPENDABLE News Views OF OUR BUSINESS LEADERS

Experienced Piano Service By Louis Haffermehl & Son

A professional service esteemed by many generations of music lovers is offered in the Greater Newton area by Louis Haffermehl and Son, piano tuners, 47 Athelstane road, phone BI 4-1501.

The Haffermehls are continuing a tradition of expert piano service started in 1890, and continuing it so successfully that their clients' names read like a Who's Who in the area.

This highly skilled trade is being carried on by Louis Haffermehl, the father, and his son Alden, and both are ranked among the very best in the exacting field.

They tune, repair, rebuild, and refinish the cases of any type pianos and even are able to take the most neglected instrument and put it in first class condition and looking like new. And any piano once brought up to top standards in this manner is sure to be a valuable instrument ready to give long years of fine service with a minimum of care.

Louis Haffermehl in addition to his piano tuning also is a fine pianist and has a three-piece orchestra which plays for special occasions, whatever type of music is desired.

But the chief wish of the Haffermehls, father and son, is to take any piano and make it into the fine instrument it was designed to be in the first place.

Musicians all agree that pianos should be tuned twice a year to keep them at their best, but as is well known, many home owners neglect to years at a time.

The Haffermehls are ready and happy to correct this kind of carelessness. Actually neglect of a piano is not a matter of mere whim. For many home owners, even the most well-to-do, the piano is the most expensive individual piece of home adornment that they buy in a lifetime, and it certainly is worth keeping in top condition. A call to BI 4-1501 will bring this result.

Pillow Concert At Hamilton School

More than 200 youngsters of the Hamilton School in Newton Lower Falls recently enjoyed a "pillow concert" sponsored for them by the Hamilton P.T.A.

Pupils from kindergarten through sixth grade brought pillows to school and sat comfortably as they listened to the music of the Brass Quintet of Youth Audiences, Inc.

Earlier this year, the P.T.A. sponsored a Woodwind Quintet performance for the pupils. Both programs featured demonstrations of the various instruments by the musicians.

These concerts are arranged and supported by the music department of the Newton Public Schools. Music chairmen for the Hamilton School are Mrs. Paul Boylan and Mrs. Ernest Blaustein.

For many youngsters, these school concerts are their first experience with "live" music, and the purpose of the pillow arrangement is to seat them as close as possible to the performers and to establish a relaxed and comfortable listening situation.

Aldermen Give Budget Sharp Slash

Heavy Damage Caused By Spree Hoodlums Hurl Eggs, Smash Glass During Day Jr. High Break

Young hoodlums chalked up damages amounting to several hundred dollars at the Day Junior High School in Newtonville when they indulged in a wanton spree of glass and dish breaking and egg throwing on walls and ceilings over the weekend.

Police estimate that the vandals gained entrance to the school sometime after 5 p.m. on Sunday. The break and damage was discovered at 7 o'clock Monday morning by Mrs. Celia Hinkley, of Waltham, a matron at the school.

A smashed window on the north side of the building is believed to have provided entrance for the young hoodlums.

The destructive attack was widespread in the eighth and ninth grade classrooms, a food laboratory, an office and equipment locker. Petty larceny was added to the vandalism when 23 pennies and a softball were found to be missing. Glass doors

"Kicks" Motive For Destruction

Two 15-year-old boys admitted to Newton police they caused the wanton damage at the Day Junior High School which they attend, and said they did it just "for kicks."

After they were taken into custody Tuesday night by Sgt. John Regan and Insp. Francis Turner, they said they broke into the school Saturday night about 9:30 p.m.

Their appearance in juvenile session of court was continued until Friday, April 3rd.

Newton Students Pay Homage To New Cardinal

His Eminence Richard Cardinal Cushing was the smiling guest of honor at a reception in his honor conducted by the teaching staff and students of the Country Day School of the Sacred Heart, 785 Centre street, Newton, Tuesday noon.

With his usual gracious gesture at affairs of this nature,

the prelate added two days to the regular Easter vacation of the school. This was received with the customary acclaim by the student body.

Mary Jane Wingard, president of the student government, read an address of welcome on behalf of the faculty and pupils of the school. Gifts

of church linen and a purse of money were presented by Suzanne Gauthier, Mary Jane Becherer and Mary Ellen Salter.

Cardinal Cushing thoroughly enjoyed his hour-long visit at the school where the reception in the assembly hall was in charge of Mother Jean

Levis, superior, and Mother Mary Oswald, head mistress.

The popular churchman touched a serious vein in his talk to the students when he told them of his planned visit, with 50 crippled children, to

Chief Purcell Favors Chair For Killers

Newton Police Chief Philip Purcell maintains that abolishment of the death penalty for conviction of first degree murder cases, is a "backward step in our fight against crime."

Chief Purcell appeared as a witness at a State House legislative committee hearing on four bills which abolish the death penalty in the state.

He pointed to the fact that the "underground" opposes capital punishment, shows they fear it. Purcell said convicted killers "move heaven and earth" in attempting to have a death sentence commuted to life imprisonment.

The criminal element "would naturally be opposed to the death penalty as an occupational hazard to those who hold up respectable citizens," Chief Purcell said.

A special commission in a report to the legislature voted 10 to 4 to abolish the death penalty.

Special Services To Mark Easter In Local Churches

IN magnificently decorated churches throughout this area, thousands of men, women and children will celebrate the glory of Easter and the resurrection of Christ this Sunday.

Special music and prayers of thanksgiving will mark the services in both Catholic and Protestant churches, as the worshippers join in the rejoicing for all that Easter symbolizes in the Christian world.

The solemn and sombre Lenten season of penance for the suffering and crucifixion of Our Lord on the hill at Calvary ends at midnight Saturday.

As Lent nears its close, churches will be crowded for the Good Friday and Holy Saturday devotions.

Easter services, climaxing the Holy Week rites, will be held Sunday in every local church in joyous celebration of the rising of Christ.

In hundreds of the community's homes Sunday's great religious holiday will be the occasion for family reunions, get-togethers and the traditional feasting after the fasting.

On Sunday, too, in accordance with long-established custom the ladies will display their most dazzling Easter finery and rainment.

Because the great religious observance comes somewhat

earlier than in most years the brilliance of the Easter —

Those sections where rubbish collections regularly are made on Friday will not be covered until Friday of next week.

High School Anniversary Feature TV Producer To Take Part In Local Panel

David Susskind, nationally noted producer of top television shows, will play a prominent part in the program planned for the week-long "Tribute to the Arts" observance of the 100th anniversary of Newton High School next week.

Mr. Susskind will be a participant in the panel discussion to follow the drama presentation at the high school next Friday, April 3rd. He will join well-known drama critics on the panel.

He is well known as the producer of such outstanding television shows as Armstrong Circle Theatre and the Kaiser Aluminum Hour. He is a former resident of Brookline.

The drama evening will be one of the highlights of the high school's week-long 100th birthday celebration. Other features during the week will include evenings devoted to opera, the dance, music and art.

Mr. Susskind is a graduate of Brookline High School and is a member of the Class of

Grab Pair For Six Robberies

Burglaries in six Newton dwellings between March 11 and 13 were solved with the arrest of a Charlestown man, but police are investigating two other breaks and an attempted robbery.

The Charlestown suspect, Richard W. Williams, 29, allegedly confessed he looted the six dwellings.

Stolen in these breaks were a portable TV, transistor radio, pair of shoes, jewelry, leather bag containing silverware, a wedding band, elgars and several bottles of whiskey.

Michael F. Googlin, 18, also of Charlestown, an alleged accomplice of Williams in one break, also was taken into custody by Boston police and turned over to Newton authorities.

Five of the six burglarized homes were in the Chestnut Hill area.

Meanwhile, police were investigating breaks at 114 River street, and 28 Dana road, West Newton. The front door

\$376,289 IS Whittled At Marathon Session; Predict Same Tax Rate

Newton's Board of Aldermen pared \$376,289.36 from the budget submitted by Mayor Howard Whitmore, Jr., to finance the operation of the city government and school department for the present year and then approved appropriations totalling a record-breaking \$19,817,648.56.

This action was taken at a marathon session which lasted from 7:30 Monday night until early Tuesday morning.

The budget is approximately \$1,120,000 greater than the one adopted a year ago, with a rise in school costs responsible for \$728,000 of the jump.

Ordinarily that would mean a boost of about \$4 in Newton's tax rate, but Mayor Whitmore is hopeful that other factors, including the revenue realized from new taxable property, will make possible only a very small increase in the rate or even none at all.

As was reported in last week's Graphic, the Aldermen okayed pay raises of \$200 a year for the police and firemen and wage hikes ranging from \$120 to \$150 for other municipal employees.

However, more substantial increases proposed by the Mayor for his department heads were trimmed down by the economy-minded city fathers.

Only once during the long session Monday night and Tuesday morning did the Aldermen overturn a recommendation of its Finance Committee headed by Earle D. Wood and restore a budget cut.

That lone instance was when the Aldermanic Board by a 13-9 vote approved a motion by Alderman Warren A. Sutherland, chairman of the public buildings committee, and restored \$3300 for improvements to the auditorium of the Weeks Junior High School.

Of the \$3300, \$1000 is to be spent for sound-proofing, \$1500 for painting and \$800 for lighting the school auditorium.

The Aldermen gave their approval to a recommendation by Mayor Whitmore that \$720 be allowed for the rental of four voting machines to be used as an experiment in one of the city's polling places in next November's election. Similar proposals had been rejected by the board in 1957 and 1958.

Members of the police department's woman's auxiliary school traffic patrol were voted

Economy-minded members of the Board of Aldermen this week turned down recommendations for the appropriation of funds for the purchase of the latest scientific devices to enable Newton police to detect speeders and drunks.

Slashed from the police department budget were a \$1435 item for radar equipment to check on speeders and a \$700 allowance for a Drunk-O-Meter which would have been used in testing the condition of individuals whose sobriety was in doubt.

Police Chief Philip Purcell had recommended the purchase of the radar equipment and the Drunk-O-Meter, and Mayor Howard Whitmore, Jr., had provided funds in the police department budget to buy both devices.

The Aldermen, however, in the process of trimming more than \$376,000 from proposed city expenditures, gave the heave-ho to both items.

"Woman Of The Year" Award To Miss McKee

HENRIETTA MCKEE

Miss Henrietta McKee, daughter of Mr. and Mrs. Horace A. McKee, 1640 Centre street, Newton Highlands, was named "Woman of the Year" at Northeastern University's first annual spring banquet of Gamma Delta, women's society, held last night.

A senior at the College of Liberal Arts majoring in biology, Miss McKee was presented a scroll and a \$100 award by Myra L. Herrick, Dean of Women.

She was selected to receive the award for "excellence of scholarship, character, leadership, and outstanding all-round capabilities."

The award came as a complete surprise to the Newton student who had been invited to the banquet, to appear as a guest soloist.

A graduate of Newton High School, she is a Dean's List student, and a member of the Student Union, a student social service organization which helps promote fellowship among students; the Choral Society, and the

Furcolo to Win First Round In Crucial Sales Tax Battle

The first big development in the fight over Governor Furcolo's limited sales tax bill probably will be in the Governor's favor and may give an important psychological lift to his drive.

The joint legislative committee on taxation, which is holding hearings on the sales tax proposal, is virtually certain to recommend the passage of the measure when it submits its report to the full Legislature.

That will not be quite as spectacular or significant an achievement as

\$719 Stickup At N. Corner

Forcing his way into a car stopped for a traffic light at Newton Corner, a gunman this week robbed an executive of an Alston firm of a \$719 payroll.

Albert J. McNamara, Jr., of Scituate, told Newton police he was enroute to the Waltham office of the J. H. McNamara Co., owned by his father.

McNamara, sales manager of the firm, said the bandit forced him to drive to a parking lot where he grabbed the envelope containing the cash, snatched the car's ignition keys, and dashed to a waiting auto containing an accomplice.

Issue 1959-60 New Directory For Newton

The 1958-1959 pocket-size directory of Newton Agencies, Clubs and Organizations, compiled by the Newton Community Council, is available at all libraries in Newton as well as at the Community Council office, 1990 Washington St., Lower Falls.

This 39 page directory, which sells for 50 cents, contains up-to-date names, addresses and telephone numbers of city officials, legislative representatives, school committee members, school principals, and presidents of all parent-teacher associations. Also listed are all private and parochial schools and colleges, churches and church organizations.

A large section of the directory is also concerned with a listing of Newton clubs, associations and organizations including the presidents names, addresses and telephone numbers. Some of the various types of organizations listed are those concerned with Art and Drama, Benevolent and Fraternal, Business and Professional, Character Building, Civic, College Clubs, Country Clubs, Garden, Health, Improvement and Men's Clubs. Others are Neighborhood Clubhouses, Patriotic, Philanthropic, Service Social, Veterans Organizations, Military and Women's Clubs.

In addition to these listings, a brief description of the work of each member agency of the Newton Community Chest is given along with the names of the president and executive.

Over 500 listings appear in this directory which is published annually by the Newton Community Council as a service to Newton residents. The Council is a red feather agency sharing in the United Fund.

Trim Budget-

a \$50-a-year increase in pay. An upward adjustment also was made in the compensation of the men and women who serve as officers in the city's polling places during elections.

Persons employed by the city on an hourly basis were given a 6 cents-an-hour hike.

An appropriation of \$225,000 was included in the budget to cover the city's share of a contributory insurance plan for municipal workers which is scheduled to start about May 1 or June 1.

One row developed late in the Aldermanic session over the right of the board to slash an appropriation of \$1100 for out-of-state travel from the School Committee budget.

It is widely believed that the Mayor and Aldermen have no authority to reduce the school department budget, and that point was raised by Alderman Melvin J. Dangel as he moved to restore the \$1100 to the school budget.

Dangel warned the Aldermanic action might result in a legal conflict which could cost the city an additional 25 percent penalty.

Five other Aldermen—Theodore D. Mann, Franklin N. Flaschner, Charles F. Hovey, William F. Ripley and Charles H. Morang—took the floor to support his position.

Their arguments, however, failed to sway a majority of the city fathers, and the cut was approved by a close 12-10 vote. Whether the School Committee will take any steps to contest the action has not yet been determined.

Another close fight occurred over a reduction in the appropriation to help finance the operation of the well baby clinic conducted by the Newton Visiting Nurses' Association.

Mayor Whitmore had allowed \$5000 for that purpose, and the Aldermanic Finance Committee trimmed it to \$2500.

Alderman Morang sought to provide the entire \$5000 recommended by the Mayor, but his motion was defeated on a 13-9 vote.

Those voting with Morang in support of his unsuccessful motion were Aldermen Bradley, Cannon, Dangel, Flaschner, Mann, McCarthy, Rich and Sutherland.

Another motion by Morang to restore \$5000 to the fund for filling and grading the playground at the Meadowbrook Junior High School in Oak Hill was rejected by a 13-8 margin.

A \$2500 slash was made in the request by Civil Defense Director Leigh G. Facker for the purchase of new equipment. Finance Committee Chairman Wood voiced the conviction that the civil defense program is not clearly defined but placed the blame on State and federal officials.

Chairman Wood, in making his report to the full Aldermanic Board, observed that Mayor Whitmore had made cuts that were deeper than usual in his budget and that the Finance Committee could not wield quite as sharp a pruning knife as would normally be the case.

More definite plans are being made for the biggest event of Newton High's Centennial Celebration, the Arts Festival. Opening on March 30, the first event will be the performance of "Elijah" by the 150 voices of the members of the A Cappella Choirs directed by Miss Beaver, and the sixty piece Newton High School Orchestra directed by Mr. March. Mr. Remley will supervise the entire production. Five main exhibits will be on display Monday morning.

Mr. Spinks' theater arts classes are preparing productions about the history of the theatre with stage models, costumes, designs, and masks from Shakespearean, eighteenth century French, and modern drama. They will be in Room 324. Architecture, costume design, sculpturing, and painting will represent the art work of Newton High students and alumnae in room 2200.

Again in room 324 there will be a Ford Foundation project exhibit prepared by Mr. Rinker, an industrial arts exhibit by the Technical High School. Prints of paintings will be in the library.

Night school students in the Adult Education program will enter projects in Room 2200 with other art exhibits. Also in the week's schedule are a performance by the members of Orchestra, a discussion of "Why Art?", an all-day symposium, a performance of "Winterset," a discussion of "The Future of Drama in the Atomic Age," and the A Cappella Choir production of the opera, "Dido and Aeneas."

The Industrial Arts exhibit is being presented as part of a 50th anniversary celebration of the Newton Technical High School. Each exhibit is being prepared by the boys who attend classes in that subject.

freshments, and popular music between square dances.

Political Highlights

(Continued from Page 1)

tion as might appear on the surface because the House members of the taxation committee were selected very carefully by Speaker John F. Thompson who is working with Governor Furcolo for the enactment of the sales tax bill.

Thompson was thinking in terms of the current sales tax battle back in the early days of January, and he painstakingly lined up a committee which could be expected to bring in a favorable report.

He didn't make many mistakes in his choices, for the present indications are that of the 11 House members on the taxation committee, seven will support the sales tax bill, two will oppose it, and two are undecided.

If Governor Furcolo works as effectively for the measure as he did two years ago, the final count of House members on the committee may well be 9-2 in favor of the proposal.

Senate President John E. Powers wasn't trying to load the taxation committee with sales tax supporters, as was Speaker Thompson, but it has subsequently developed that Senator Robert D. Cramer of Williamstown, Senate chairman of the committee, is for the bill.

Of the other three Senators, one is for the measure, and two are undecided, with one of the two leaning toward it and the other against it.

Thus, it appears that Governor Furcolo can count on at least nine legislators on the 15-man committee to support his proposal.

A guess at this stage would be that the committee will come out with about a 12-3 or 11-4 report in favor of the sales tax. That, however, does not reflect the sentiment on the sales tax issue in the Legislature itself. Governor Furcolo faces an uphill fight in steering his measure through the House and an even more difficult one in getting it through the Senate.

Of the 184 members presently serving in the House who were in the body in 1957, 75 voted for the sales tax two years ago, and 109 lined up against it.

The 57 sales tax supporters in the House included 51 Democrats and 24 Republicans, while the opponents numbered 59 Republicans and 50 Democrats.

Whether Furcolo can hold all 75 who supported his sales tax measure two years ago remains to be determined. Some of them indicate they are now on the fence. The Governor, however, hasn't yet begun to put on the pressure.

One factor which should help Governor Furcolo tremendously in the battle ahead of him is that he is getting far greater support from industrial and business groups than he received in 1957.

For example, the influential Associated Industries of Massachusetts, which was lukewarm to the sales tax measure the Governor submitted two years ago, is giving all-out backing to his present bill.

Various civic and taxpayer groups as well as city and town officials also are rallying behind Furcolo, for they realize that if they don't get a sales tax this year it may be a very long time before they will get it. The Boston Herald also has given a strong editorial endorsement to the Governor's measure.

What that may well mean is that some Republican legislators, especially those who from time to time in the past have publicly advocated a sales tax to lower tax rates in cities and

towns, may experience difficulty in finding an excuse for voting against the sales tax proposal.

GOP law-makers in both the House and the Senate are almost certain to find themselves under increasing pressure to forget partisan politics, fall in line and support the measure.

Governor Furcolo has taken his political life in his hands for a second time in renewing his fight for a sales tax. Even those who dislike Furcolo or who disagree with his philosophy would readily agree that he is an extremely astute politician and that he is well aware of the risks he is assuming in undertaking his present drive.

To be sure, Furcolo battled for a sales tax in 1957 and survived politically to fight again, after being swept back into office last November on the crest of a Democratic wave. But he is now looking ahead next year to a stern battle with Leverett Saltonstall for a seat in the U.S. Senate, and he once again is placing his future in the political scales.

In fairness to Furcolo, it might be pointed out that two-thirds of the revenue produced by the sales tax will be distributed to the cities and towns and that he probably could find a less hazardous means of balancing the State budget.

Two years ago, he lost his fight in the House because a big majority of the Republican members voted against his sales tax bill.

It is among the 59 Republican House members who helped to defeat the sales tax two years ago and the 11 GOP freshmen in the lower legislative branch that Governor Furcolo has his great chance of achieving a notable pickup in support of his measure.

Unless the various groups and organizations backing Furcolo in his sales tax fight can line up very substantial Republican support, especially in the Senate, he will have no chance of achieving the passage of his bill. To that degree the issue is up to them.

But the first round in what is likely to prove a long sales tax battle now promises to be a victory for Governor Furcolo. That will be when the legislative committee on taxation makes its favorable report.

Big Democratic Field For Governorship in '60

The field of prospective candidates for the Democratic nomination for Governor next year is beginning to expand to imposing proportions. Potential contenders at this point are Congressman Thomas P. O'Neill, Jr., of Cambridge, Congressman Torbert H. MacDonald of Malden, Lieutenant Governor Robert F. Murphy of Malden, Secretary of State Joseph D. Ward of Fitchburg and State Treasurer John F. Kennedy of Canton.

O'Neill at this point is considered as the leader in the field, with MacDonald the strongest darkhorse possibility in the event a deadlock develops.

Kennedy, who under the law can't seek reelection for State Treasurer, has revealed that his sights will be set on the Governorship in 1960. An impression exists in political circles, however, that he may be persuaded to lower his objective and bid for a lesser office.

He would have no chance whatever at a Democratic State convention, and his prospects in a primary against a candidate such as Congressman O'Neill would be far from bright despite the acknowl-

Temple Shalom Sisterhood To Hold Institute

The Sisterhood of Temple Shalom of Newton will hold an All Day Institute, on April 1, which will have as its theme, "Looking Ahead — The Emotional Needs of Today's Women." The topics to be discussed range from the concerns of the busy women of today to the restless years that may lie ahead, and how to utilize them.

The morning session begins at 9:45 o'clock with two speakers. Dr. Melvin Taymor, gynecologist, a graduate of Johns Hopkins and Tufts Medical School, and affiliated with the Peter Bent Brigham Hospital. Dr. Joseph Sabbath, who received his degree from McGill University, is a member of the American Board of Psychiatrists, Research Fellow and Staff Physician at the Peter Bent Brigham Hospital, assistant professor of Psychiatry at Harvard, psychiatric consultant to the Jewish Family and Children's Service, and also, consultant to the Worcester State Hospital.

Lunch will be served at

edged political magic in his name.

Lieutenant Governor Murphy is attracting public attention to himself by the fight he is waging against the sales tax, but he also is alienating many thoughtful Democratic leaders, including some who are not enthusiastic about the sales tax, by the discord and friction he is causing within the Democratic party.

Secretary of State Ward, in the judgment of many political experts, is making a strategic error in striking out so soon for the Governorship and might wind up out in the cold with the nomination for office he now holds picked off by Treasurer Kennedy.

Ward made two unsuccessful attempts for the Democratic nomination for Attorney General. While his election by the Legislature to the office of Secretary of State following the death of the late Edward J. Cronin restored some of his prestige, it hasn't visibly increased his political strength.

If he couldn't win a nomination for Attorney General, there's not much reason to assume he could capture a gubernatorial endorsement until he has built his political fences to a greater height than at present.

Congressman Macdonald appears to be standing back, watching the situation carefully, offending nobody, performing his own duties and waiting to see what happens. He hasn't yet actually indicated his intentions.

McCormack Big Factor In Death Penalty Row

If the State Legislature this year votes to abolish the death penalty in Massachusetts, Attorney General Edward J. McCormack, Jr., more than any other one individual will be responsible for the action.

For six years the late George Fingold was the greatest single force responsible for the retention of capital punishment in this commonwealth. Fingold went before the Legislature each year to fight against the repeal of the law which provides that persons convicted of murder in this State can be sentenced to die in the electric chair.

McCormack has directly reversed the policy of the man he succeeded as Attorney General, and his arguments are certain to carry tremendous weight with the legislators.

While testifying before the legislative judiciary committee, McCormack declared that scientific studies in both this country and England had convinced him that the death penalty perpetuates "a barbarous feudal practice without contributing to effective, let alone humane, law enforcement."

That is probably the strongest statement a Massachusetts Attorney General ever made in support of a move to wipe out the death penalty.

Editor, The Newton Graphic

Dear Sir:

The Newton Tuberculosis and Health Association would like to express appreciation to you and your staff of the Newton Graphic for your support of our 1958-1959 Christmas Seal Sale. It is by your publishing of our materials that the tuberculosis story reaches the homes of Newton residents, for this we are deeply indebted to you and your paper.

Your effort in our behalf has made tuberculosis control in Newton possible, and is responsible to a great extent for the success of the Seal Sale.

Thank you for your continued support.

Sincerely yours,
Meredith Hardina

Praises Police

Editor, Newton Graphic

I'd like to thank two members of the Newton Police Force who aided a "citizen in distress" recently.

While in the vicinity of Newtonville Square, I dolefully watched my "last-bus-for-an-hour" threading its way through the traffic on Walnut Street. Upon my exclamatory "Oh! Dear!" a member of the force offered his assistance.

When I told him my problem, he flagged down an oncoming police car and enlisted the aid of a fellow officer to help me catch my bus.

Thanks to their kind help, I arrived home without mishap. It's certainly nice to know "gentlemen" still exist.

Sincerely,
Miss Judith Kempalner

Editor, Newton Graphic:

On behalf of the many community, civic and service organizations of Newton who sponsored the reception for Eric N. Dendard, superintendent of schools in Newton, on March 1, may I thank you for the cooperation of yourself and your newspaper in informing the citizens of Newton of this event.

The part played by the news media was important as the purpose of the reception was to furnish an opportunity to meet the chief administrator of the Newton public school system to the 65 percent of the taxpaying citizens who have no children in the public schools. Without your assistance we would have been unable to do this.

You may be interested in knowing that although on the day of the reception there was water underfoot and storm overhead over 200 citizens of Newton came to the Jackson Homestead to meet and converse with Mr. and Mrs. Dendard.

Sincerely,
JEROME GROSSMAN

Thanks from TB Assn.

The Newton Tuberculosis and Health Association would like to express sincere gratitude to the Newton Graphic and its staff for the fine support of the 1958-1959 Christmas Seal Sale through its news releases and general publicity. It is due to such generous aid that the work of the association for tuberculosis control can be carried on so successfully.

Special thanks also go to the various public servants in Newton, the police, post office, and street departments for their continued effort to make it possible for us to carry on our program of discovering new cases of tuberculosis, telling the citizens of Newton about the disease and helping those afflicted with the disease get back into society with a minimum of difficulty.

The valuable volunteers who have donated immeasurably to the work of the association, can never fully realize how indebted to them we are. The grateful ladies of Newton were the first in the city to take an active, organized step in the direction of tuberculosis con-

Sisterhood representatives from the five Jewish congregations in Newton, responding to the 1959 Combined Jewish Appeal call for action, have joined forces with Combined Jewish Appeal leaders for full support of the two-part 1959 Campaign.

Women Voters Give Support To Foreign Aid

Mrs. Isidor Slotnik, president of the Newton League of Women Voters, has informed Congressman Laurence Curtis of the League's support of President Eisenhower's request for a supplemental appropriation of \$225-million to the Development Loan Fund. Knocked out of the fire department budget was \$48,000 which the Mayor had allowed for the purchase of a new ladder truck.

Alderman Joseph G. Bradley made a vigorous but unsuccessful attempt to overturn the return of the Aldermanic Finance Committee and restore the \$48,000 to the budget.

Only Aldermen Leo M. Cannon and Theodore D. Mann joined in support of his measure, and it was defeated by an overwhelming 19-3 vote.

Bradley quoted a statement by Fire Chief Frederick A. Perkins, Jr., that the south side of the city "is badly in need of improved ladder service."

The fire chief said in the statement Bradley read that this is especially true in the Oak Hill, Chestnut Hill and Newton Centre districts.

Perkins declared that last June a tragic fire in Newton Centre claimed two lives. "One of those lives, that of a little boy, could in my opinion, have been saved had we been able to furnish better and faster ladder service," he asserted.

Objectors to Bradley's motion argued that the purchase of the ladder truck would necessitate the appointment of 21 additional firefighters to man the ladder and that this would involve a payroll of \$105,000 a year.

When a question was raised as to why the Mayor didn't make an allowance in the budget for the appointment of additional firefighters since he was recommending the purchase of a new ladder truck, it was explained that it would take seven months to obtain delivery on the truck after it was ordered.

Alderman Cannon expressed the belief that Chief Perkins had established the need for an additional ladder truck and that the Aldermen should go along with his recommendation. Cannon quoted Perkins as saying that two ladder trucks should be despatched to each fire.

Alderman Hirsh Sharf, in opposing Bradley's motion, said that many of the new buildings in Newton are one-story, ranch-style houses and that many of the new commercial structures are of fire-proof construction.

Alderman Mann, arguing in support of Bradley's motion, called attention to the fact that the Board of Fire Underwriters, in its 1941 survey of fire-fighting facilities in Newton, recommended the establishment of an additional ladder company in the south side of the city.

Finance Committee Chairman Earle D. Wood observed that the objective of the Board of Fire Underwriters is to prevent any and all fires. "Naturally, they are going to recommend the ultimate," he said.

The Aldermen allowed \$22,000 for the purchase of a new engine pumper and also gave their assent to the purchase of a new assistant chief's car.

It's a good thing you don't hear most of what people say about you.

Newton Girl Scout News

Mrs. W. Stanton Crean, recording secretary of the Girl Scout Council, recently was presented a National Catholic Award, the St. Anne Medal, for outstanding achievement as an adult leader in Girl Scouting. She has been troop leader for 20 years, and neighborhood chairman for eight.

Mrs. Herbert Shulman, Library Chairman, promises a spring opening of the new Cabot School library. Over 300 books, mostly children's fiction

and mysteries, were collected during a Girl Scout book drive by Troops 180, 116 and 109, Mrs. Raymond Wolfson, supervising.

Recently, Troop 22, Our Lady's neighborhood, enjoyed a winter sports program. First the 16 girls spent an afternoon at the Boston College ice skating rink with Mrs. Martin Rogers, leader, and Mrs. Bernard Farragher. Their next adventure was a day at the Mt. Belknap Recreation Area. Mr. and Mrs. Rogers and Mr. and Mrs. Farragher led the girls in a full day of tobogganing, skating and skiing, with a cook-out lunch.

The girls of Troop 59 held a birthday party to which they

invited their mothers. They made and served dessert under the guidance of Mrs. Robert Clinton and her assistant, Mrs. Andrew Bunten. One patrol is making "swaps," craft projects to be taken to the Senior Roundup in Colorado as souvenirs of Newton.

Girl Scouts are asking for used clothing in wearable condition for children and adults in the mountain regions of Tennessee. The Save the Children Federation says many children in that area are prevented from school attendance by a lack of clothes. Clothing may be sent to Mrs. Samuel Handler, 22 Chestnut terrace, Newton Centre.

Church Women Make Post-Easter Plans

Forty-three women, representing 18 Protestant churches in Newton, attended a meeting during which Post-Easter plans were made for the United Church Women of Newton.

Mrs. Arthur T. Gregorian, president, conducted the meeting last Friday in St. Paul Episcopal Church, Newton Highlands.

The women were reminded of the hour-long TV program "The Power of the Resurrection" — a presentation of the National Council of the Churches of Christ in the USA — which will be shown in the Boston area on Easter Sunday morning.

Rev. Mrs. Albert B. Terkelson, spiritual life chairman, announced that a group of interested church women would meet in her home at 10 a.m. Friday, April 3, to study devotional methods for practical use in local churches.

Mrs. John T. Fox, vice-president, introduced Mrs. James H. Burns as chairman of May Fellowship Day, the next special day of United Church Women which will be held on Friday, May 1, at 1:15 p.m. at

the Union Church of Waban. Mrs. Burns said members of the Board of Managers will visit three state institutions and bring back first-hand impressions for the May Fellowship Day theme, "How Much Is Enough?" especially as it pertains to the support of the Protestant chaplains in state institutions.

Africa and Town and Country were announced as the two interdenominational study topics for 1959-60 and Mrs. Ronald W. Adams, chairman of Christian World Missions, said plans were being made for an all-day mission workshop on these subjects to be held on September 25.

After presentation by Mrs. Willard W. Rice, finance chairman, a budget of \$1060 was approved for 1959; receipts will come from shares of responsibility voluntarily given by local women's church groups and from special offerings.

Mrs. Gregorian appointed Mrs. Wallace M. Ross as co-chairman for the 1960 World Day of Prayer and Mrs. John Ballou as chairman of a committee to train women for visiting in the rest homes of Newton.

It was reported plans are still continuing under the leadership of Rep. Mrs. B. Alden Thresher, chairman of Christian Social Relations, for the establishment of small-unit housing for senior citizens.

"There were 775 in attendance at our two World Day of Prayer services held on February 13," reported Mrs. Riley Hampton; an offering of \$452 was received which was sent to the national office for use in United Church Women projects around the world.

Prior to the business session the women participated in a communion service conducted by the Rev. John Balcom, pastor of the host church and executive secretary of the Newton Council of Churches.

No Limit On Gibbs Probe Expense Tab

The three-member committee investigating the Senatorial election in Newton and Brighton will not be hampered by a \$5,000 limitation on expenses.

The limitation was sought by Sen. Philip A. Graham (R-Hamilton) but 14 GOP and Democratic senators voted to trust the committee to use its discretion.

The committee must decide whether Donald L. Gibbs (R-Newton) is entitled to the seat he held since January. Brighton Democrat John F. Mella has protested some 6,000 ballots.

Acts, persons and events will include: a dance choreographed by Hermes Pan with Marge and Gower Champion in San Francisco's Golden Gate Park; Genevieve in a Louisiana bayou, singing "Poor Man's Blues"; Bobby Jones, Jr., Arnold Palmer, Byron Nelson, Doug Ford and Jack Burke, Jr., in Augusta, Ga., on the eve of the 1959 Masters Golf Tournament; first major sports event of Spring; folk singer Jean Ritchie, beside Looking Glass Falls in the heart of North Carolina's Great Smoky Mountains, singing "If You Were My True Love"; and accompanying herself on the dulcimer; Herb Shriner, the Hoosier humorist, chatting with the residents of Coesee, Indiana; Jane Wymen in her Hollywood garden; and several other very special musical acts. Planning and Subdivision

The basic rule with respect to municipal controls on land use is that since all provisions are modifications of the right of a property owner to use his property as he will, only those powers specifically authorized to a community by the state, or only those duties imposed by the state can be exercised by the municipalities as controls.

In 1913, Newton accepted an act establishing a Planning Board to make studies, recommendations and reports of the resources and needs of the city. The law made special reference to conditions injurious to public health in and about rental dwellings.

In 1925, the Planning Board was authorized to act as a Board of Survey. Boards of Survey had been set up by a 1907 statute to require developers to submit plans to the city for approval before they laid out ways for public use.

In 1939, the city accepted parts of a 1936 law for an "Improved Method of Municipal Planning" which strengthened the controls over privately constructed ways for public use with respect to location, alignment, grading and drainage.

Parts of the law the city did not accept would have enabled the Planning Board to act as Parking Commissioners and would have established an official map for the future development of the city. The former exception has been in effect adopted by another route. The latter never has been accepted by the city, and in view of the existence of so many other maps, plus the fact that

the city's form of development has been pretty much determined with respect to ways, together with other involvements which an official map or "master plan" might create, the critical time for the adoption of such a map may well have passed by.

In 1949, Newton accepted new provisions which enabled it to prevent developers from merely "scratching in" streets. New private ways were required to be built under bond with more adequate surfacing and curbing. The developers thus had to put the extra cost into the sales price of the lots. One hope was to reduce the number of subsequent buyers coming in so frequently under the betterment act.

Four years later the city extended its requirements, and now developers are bonded to put all utilities except water in their new streets. This, however, does not mean that the street becomes an "accepted" street. It still is a private way.

On the whole Newton has been slightly laggard in developing the Board of Survey. Planning Board class of controls—not as compared with most other cities, but as compared with its own relative promptness in accepting provisions of the zoning laws. Partly because of the number of relatively new private streets and partly because of the shift in the citizens' attitude toward having the city take over more responsibilities, including many existing old private streets, one effect has been to magnify the bur-

Newton Hi 9 Boasts Only 4 Lettermen

Only four lettermen are back this Spring from last year's championship Newton High baseball varsity which opens its season at home next Wednesday against Revere.

But Coach Howie Ferguson has an enthusiastic three-platoon squad of 120 and each hopeful of making the starting nine, and winding up the season battling for the state championship.

Coach Ferguson has dreamed the 38 best prospects into his varsity. The rest of the candidates he divided into the Jayvees and the soph varsity. Each group will play a 20 game schedule.

Captain and second baseman Steve Gordon heads the four lettermen back from last year's team. The others are Buddy Russo, captain and quarterback of the 1958 football team, Cliff Gasunas, left-fielder, and pitcher Francis (Buddy) Ryan.

Last year Newton opened April 1 and finished against St. Stephen's of Worcester in the state championship final on June 21.

"We're trying it again this year," commented Ferguson, whose teams have won 10 titles in the past 11 years.

"The first part is easy enough. We're scheduling to open against Revere April 1, but as for reaching the state final again, well, that's another matter."

"This time we're starting almost from scratch with a new team."

Seek To Oust Newton Aliens

Federal authorities have begun deportation proceedings against three Newton men, natives of Rieti, Italy, who allegedly arrived as stowaways aboard luxury liners, starting in 1955.

At liberty in hall of \$2,000 each are Quirino Gualano of Pearl street, Egidio Gafalone of Green street, and Francesco Cortina of Hawthorne street, employees of a Newton construction firm. Officials charged two came over on the SS Vulcania and Cortina on the SS Saturnia.

Second Son
Of interest here is the announcement from Mr. and Mrs. John Q. Torrey, Jr., of Abington, of the birth of their second son, Andrew Jeffrey Torrey, at the South Shore Hospital, South Weymouth, on March 4th. Mrs. Torrey, the former Priscilla Moug, is the daughter of Mrs. Greydon Moug of West Newton. Mrs. John Whitney of South Weymouth is the baby's paternal grandmother. Mrs. Christie MacDonald of West Newton is the great grandmother.

Poets Theatre Offers 2 Plays

A production of "The Love of Don Perlimpin and Bolina in the Garden" by Garcia Lorca will open next Tuesday at the Poets Theatre in Cambridge.

Directed by a former bull fighter, Victor Gabriel Junquera, the cast includes Judge Springer, Judy O'Keefe, Beatrice Paipert, Elizabeth Hoxie, Speed McGinn and George Daveris. David Mitchell is designing the sets.

On the same program is James Broughton's "The Last Word" with Judy Labrack and Frank Perkins, Jr. Further information may be obtained from Fabian Nolan of Newton Centre, at BI 4-0875.

DPU Holds Fate NC RR Station

The State Department of Public Utilities holds the fate of the Newton Corner Railroad Station.

The DPU ended more than a month of hearings by taking under advisement the petition of the Boston & Albany Railroad to close this and other stations within range of the MTA. It also seeks to reduce service on Newton's main line.

Newton City Solicitor Matt B. Jones contended there was nothing in the record showing that any of the 10 trains involved was losing money. Jones argued the railroad would lose up to \$85,000 by cutting out the Newton Corner station.

Hobby Class Monday

The date of the regular March meeting of the Hobby Class of the West Newton Women's Educational Club has been changed to Monday, at 1:30 p.m. at the home of Mrs. Gordon K. Edgar, 56 Fairview Road, Weston.

The club's American Home Class meets Wednesday, April 1, at 12:30 at the home of Mrs. George H. Hayden, 2 Longfellow Road, Wellesley Hills. Luncheon chairman is Mrs. Otto O. Prophet.

Campus Notes Of Newtonites

Varsity numerals have been awarded to Gerald I. Isenberg, 61, of West Newton, a member of the Bowdoin College indoor track team, according to an announcement by Athletic Director Mal Morrell at Brunswick, Me.

Three students from Newton, cited to the Dean's List at Colby College are Charles C. Leighton, son of Dr. and Mrs. H. T. Leighton of 44 Marshall street; Miss Barbara Whiting, daughter of Wayne O. Whiting of 12 Roosevelt road; and Miss Margaret Lippincott, daughter of Mr. and Mrs. Kenneth D. Lippincott of 74 Tyler terrace. All are graduates of Newton High School.

Member of the cast in the recent production of "King Henry Part II" at Amherst College was Peter F. Strauss, son of Dr. and Mrs. Maurice B. Strauss of 27 Grove Hill avenue, Newtonville. Strauss, a senior, is a member of the staff of WAMF, the college radio station.

Clark University announces that Richard H. Roseman of 117 Bracket road, Newton, a senior at Newton High School, has been accepted for admission.

Beginning spring vacations from Centenary College for Women at Hacksack, N. J., today are: Joyce S. Freedman, daughter of Mr. and Mrs. Leo Freedman of 17 Sunset road, Newton; Beverly Ann Henrich, daughter of Mr. and Mrs. Paul Henrich of 2212 Commonwealth avenue, Auburndale; and Patricia E. Pierce, daughter of Mr. and Mrs. Paul H. Pierce of 42 Oakwood road, Newtonville.

Recognition for excellence in scholarship was given at the recent Wellesley College Honors Day Convocation to Miss Camille C. Baller, daughter of Mr. and Mrs. Arthur T. Gregorian of 28 Lenox St., West Newton.

Junior, Senior Life Saving Course At Y

A complete course in YMCA Junior and Senior Life Saving for men and boys will be given at the Newton YMCA, beginning Tuesday evening, April 7, according to James H. Rogers, chairman of the physical education committee.

The class will meet each Tuesday and Thursday for six weeks and will include training in the latest and most efficient methods of life saving and water safety.

To be eligible for the course, the individual must pass a water ability test at the first session demonstrating a working knowledge of the back, breast, side and crawl strokes. Successful completion of the course will lead to certification as a YMCA Senior or Junior Life Saver.

Applications may be secured at the Newton YMCA, 276 Church St., Newton. No applications will be accepted after the first meeting, Tuesday, April 7.

Church Chairmen

Three Newton women were elected as chairmen of committees at last week's spring assembly of the Department of United Church Women of the 1800-church Massachusetts Council of Churches, held at the Wellesley Congregational Church.

Those elected to chairmanships included: Mrs. Homer G. Bean, Auburndale, World Day of Prayer; Mrs. Nels F. S. Ferre, Newton Centre, Spiritual Life; and Mrs. E. Tyler Parkhurst, Newton Centre, Public Relations.

Newton Students On Dean's List At Rochester U.

Susan J. Davis and Roberta Ann Litzerman, both of Newton, have been named to the Dean's List of the University of Rochester because of the high scholastic averages they have achieved during the first semester of the 1958-59 academic year.

Miss Davis, who is the daughter of Mr. and Mrs. Lawrence Davis, 127 Park Ave., Newton, is a sophomore. She plans to major in sociology. Miss Davis is a graduate of Cambridge School of Weston, Weston.

Miss Litzerman, a freshman biology major, is the daughter of Mr. and Mrs. Alfred H. Litzerman, 56 Waverley Ave., Newton. She is a graduate of Newton High School where she was a member of National Honor Society, Cavalry Club, Chemistry Club, Orchestra, yearbook and newspaper staffs, and was a finalist in the National Merit Scholarship competition.

parade will be somewhat dependent upon the whims of the weather man.

One of the features of Sunday's services in most churches will be the Easter music, culminating weeks of preparation by choirs, organists and soloists.

It will be a day of gladness and rejoicing for all that Easter connotes.

The Easter shopping rush in local stores, shops and markets already is underway.

Huge supplies of the choicest hams and turkeys as well as other delicacies await the choice of the most discerning and fastidious housewives.

Proprietors of stores and shops also declare that they are ready for those wishing to complete their Easter wardrobe and report that whatever is needed will be found in their stocks.

But the full meaning of Easter will come on Sunday as worshippers kneel in prayer or send up their hymns of homage to The Lord who died on a Cross between two thieves — to Christ who rose from the dead.
